Kreutzer, Sonja Klose, 2025-11-29 People now spend a great deal of time online. Companies are following them onto the internet both in B2B and B2C contexts. This book answers the most important questions related to this development and presents concrete solution concepts, success strategies and numerous checklists from designing a cross channel customer journey to controlling and considering legal frameworks. It provides companies with the tools they need to manage their online marketing budgets effectively and efficiently. In the 5th edition Ralf T Kreutzer together with new co author Sonja Klose has incorporated key innovations in the online world. These include integration of current developments in the field of artificial intelligence across all relevant areas, revision and expansion of strategic options in online marketing, incorporation of current developments in online advertising, inclusion of new search engine optimization SEO concepts and exploration of further aspects of email marketing. The 5th edition by Ralf T Kreutzer and Sonja Klose impressively demonstrates how dynamically marketing is evolving. In addition to the new legal frameworks, the use of artificial intelligence in online marketing has also been comprehensively integrated. This makes the book an essential and up to date resource for both marketing students and professionals in the industry. A clear recommendation. Martin Nitsche, President of the DDV German Dialogue Marketing Association.

Beacon Technologies Stephen Statler, 2016-06-16 Learn the key standards iBeacon, Eddystone, Bluetooth 4.0 and AltBeacon and how they work with other proximity technologies. Then build your understanding of the proximity framework and how to identify and deploy the best solutions for your own business, institutional or consulting needs. Proximity technology, in particular Bluetooth beacons, is a major source of business opportunity and this book provides everything you need to know to architect a solution to capitalize on that opportunity. What You'll Learn: Understand the disruptive implications of digital physical convergence and the new applications it makes possible. Review the key standards that solutions developers need to understand to capitalize on the business opportunity of proximity technology. Discover the new phenomenon of beacon networks which will be hugely significant in driving strategic decisions and creating wealth. See other technologies in the proximity ecosystem catalyzed by and complementary to Bluetooth beacons including visual light communication, magnetic resonance and RFID. Examine the Beacon System framework for analyzing the proximity ecosystem. Who This Book Is For: Solutions architects of all types, venture capitalists, founders, CEOs, strategists, product managers, CTOs, business developers and programmers. Stephen Statler is a writer, public speaker and consultant working in the beacon ecosystem. He trains and advises retailers, venue owners, VCs as well as makers of beacon software and hardware and is a thought leader in the beacon ecosystem community. Previously he was the Senior Director for Strategy and Solutions Management at Qualcomm's Retail Solutions Division, helping to incubate Gimbal, one of the leading Bluetooth beacons in the market. He is also the CEO of Cause Based Solutions, creators of Give the Change, democratizing philanthropy, enabling non profit supporters to donate the change from charity branded debit cards and developer of The Good Traveler program.
