A Cyclical Model of Literacy Learning Adrienne Minnery, Antony T. Smith, 2024 This book introduces the Cycle of Responsibility COR model the next step in the evolution of the Gradual Release of Responsibility model which has been a conceptual mainstay of literacy education for decades This new model shifts the current linear model to a cyclical process of multifaceted interactions that better reflect the complexities of early literacy and with an emphasis on constructing knowledge together in the context of vibrant learning communities Focused on reading writing and word study in the primary grades the COR is put into motion through five key motivators challenge creativity collaboration choice and independence Vignettes demonstrate how to enact COR in classroom contexts This practical resource is based on the authors shared research and teaching experiences in

employing the COR to empower children as literacy learners and teachers as agents of impactful instruction Book Features Presents the Cycle of Responsibility model a new field tested teaching and learning model Moves away from linear task completion to a cyclical collaborative process that reflects the energetic complex and creative world of classrooms Provides a teacher centric approach that emphasizes shared construction of knowledge and the forces that motivate young learners Includes vignettes from the author s first grade classroom to illustrate ideas in practice as well as a chapter on teacher professional learning This book is a great example of how committed scholars of practice can transport research based practices into a discourse that speaks to teachers Read it Try it You ll like it From the Foreword by P David Pearson emeritus professor UC Berkeley

Integrating Sophisticated Standards and Systems of Support for Elementary Readers

Elizabeth L. Jaeger,2025-12-11 This book supports elementary school teachers and other school leaders in considering the ways in which sophisticated standards e g the Common Core State Standards CCSS and multi tiered systems of support MTSS can be effectively integrated to raise student reading and writing achievement The book provides practical instructions to guide professional development for teachers and administrators to assess students for MTSS placement and develop standards based lessons and assessments at all levels of MTSS The CCSS and other such standards were developed and marketed as a mechanism for raising expectations and enriching instruction for all students MTSS offers a foundational structure for supporting children who struggle with literacy providing increasingly intense levels of intervention for students who need it This book argues that integration of sophisticated standards and MTSS is necessary if we expect children who struggled with less sophisticated standards to navigate these more challenging standards effectively It reviews the two initiatives and the potential for integration proposes professional development opportunities for crafting curriculum that reflect this integration and offers examples of what standards based units might look like for classroom instruction MTSS Tier 1 small group instruction Tier 2 and one on one tutoring Tier 3 With examples of lessons and assessments this book is ideal for elementary school teachers academic coaches school administrators and other professionals who lead literacy initiatives
