Most people don't even take the time to get better at one of the most important activities there could ever be. That's precisely why at least 80% of the world population absolutely SUCK at sleeping. They SUCK at using the strategies they should. And so I did back before I learned these secrets. It took me time to learn the right secrets. It took me a lot of time and trial and errors to build the adequate field of sleep knowledge. And now I'm willing to share those secrets with you. I wrote this book for a reason. I wrote this book to show HOW you can impact your sleep and therefore your life. I wrote it to show you how you can skip the averages and go the whole way. You see, I may not know you, but I certainly know something about you. Both you and me are alike. I know you want something better. You won't stop until you achieve the absolute best version of yourself. You won't stop until you leave the pack behind, become a true sleep hacking master. And guess what? That's precisely what we will go for on this book. Hey, I'm not saying this is easy peasy. There's a bit of learning we have to go through first. And there's a lot of UNLEARNING we have to go through. Making excuses, self-limiting beliefs, wrong methods, we will throw all that stuff AWAY and replace them with new empowering beliefs. This is absolutely key. Don't worry, I've got you covered. We'll get everything right before carry on, comprehend each and every aspect of the Art of Sleep. Yes, I said ART. What is sleep hacking if not an art? It's our way of taking care of our bodies. It's our way of expressing how much we love ourselves. I'm glad to be here to share this journey with you. My goal is simple: I will help you become the absolute BEST version of yourself; you can become The absolute BEST individual you've ever been. Sounds too difficult? It's not. I will show you how.
