Several types of loans are available: Federal need-based subsidised Stafford loans under which the government pays the interest while the borrower is in school; a grace period of deferment; unsubsidised Stafford loans; Federal PLUS loans for parents of undergraduate students; and Federal Consolidation loans. Overall student loan volume has been increased in recent years from 24 billion in FY1994 to 33 billion in FY2000. The number of loans being made has increased over the same period going from 6,483,000 to 8,618,000. The average amount that individual students are borrowing in any given year has not increased as dramatically.
