Essentials of Consumer Behavior Debra L. Stephens, 2016-10-26 *Essentials of Consumer Behavior* offers an alternative to traditional textbooks for graduate students. Shorter than competing books but no less rigorous, it includes unique material on vulnerable consumers and ethics. Balancing a strong academic foundation with a practical approach, Stephens emphasizes that consumer behavior does not simply equate to buyer behavior. She examines the thoughts, feelings, and behaviors that shape consumers' attitudes and motivations in relation to brands, products, and marketing messages. Providing a concise guide to the discipline, the author covers key themes such as vulnerable consumers, new technologies, and collaborative consumption. The book is supported by a rich companion website offering links to videos and podcasts, surveys, quizzes, further readings, and more. It will be a valuable text for any graduate student of consumer behavior or marketing, as well as any interested consumers.

Digital Manifesto Francois Zielemans, 2018-01-01 Business and IT executives are increasingly working side by side in an effort to strengthen their company's strategic advantages, capture new markets that are often digital, and realize value from disruptive technologies. Many professionals responsible for defining and executing IT strategy are being continuously pressured to digitize their company's business model and become more agile, innovative, and proactive, yet they lack the knowledge and guidance to achieve results. This powerful guide from IT executive and digitalization consultant Francois Zielemans provides a set of principles and practices that will help executives connect business and IT teams by adopting a shared belief system and business model, converge or even fuse business and technology life cycles, and increase the agility and effectiveness of the entire digital value chain. *Digital Manifesto* provides a road map for turning potential value into realized value.
