Consumed Benjamin R. Barber, 2008-03-17 Powerful and disturbing No one who cares about the future of our public life can afford to ignore this book Jackson Lears A powerful sequel to Benjamin R Barber s best selling Jihad vs McWorld Consumed offers a vivid portrait of a global economy that overproduces goods and targets children as consumers in a market where there are never enough shoppers and where the primary goal is no longer to manufacture goods but needs Disturbing provocative and compelling this book examines phenomena as seemingly disparate as adolescent fashion trends for adults megachurches declining voter participation the privatization of the public sphere branding and the rise of online shopping to show how the freedoms of the free market have undermined the freedoms of the deliberative adult citizen Barber brings together extensive empirical research with an original theoretical framework for understanding our contemporary predicament The National Road Tom Zoellner, 2021-11-30 This collection of eloquent essays that examine the relationship between the American landscape and the national character serves to remind us that despite our differences we all belong to the same land Publishers Weekly How was it possible I wondered that all of this American land in every direction could be fastened together into a whole What does it mean when a nation accustomed to moving begins to settle down when political discord threatens unity and when technology disrupts traditional ways of building communities Is a shared soil enough to reinvigorate a national spirit From the embaattled newsrooms of small town newspapers to the pornography film sets of the Los Angeles basin from the check out lanes of Dollar General to the holy sites of Mormonism from the nation s highest peaks to the razed remains of a cherished home like a latter day Woody Guthrie Tom Zoellner takes to the highways and byways of a vast land in search of the soul of its people By turns nostalgic and probing incisive and enraged Zoellner s reflections reveal a nation divided by faith politics and shifting economies but more importantly one united by a shared sense of ownership in the common land Con\$umed Benjamin R.
