Nicholson,2025-06-24 At the dawn of the twentieth century American horse racing clung to a precarious existence A wave of antigambling legislation threatened to destroy the industry until one extraordinary Thoroughbred gelding dubbed the Miracle Horse by the media helped steer it away from extinction In Racing s Return from the Brink James C Nicholson tells the story of Old Rosebud within the context of the volatile cultural and political environment of the early 1900s Named for a brand of bourbon produced by his owners family distillery Old Rosebud set a track record when he won the 1914 Kentucky Derby by eight lengths After sustaining an injury in his next race Old Rosebud was sidelined for years before returning to the track ultimately recording forty wins in a career that lasted until 1922 Meanwhile opportune promotion from certain pillars of the Thoroughbred racing community sold policymakers and the public on the notion that horse racing was vital to US security at a time when the Mexican Revolution and World War I were still fresh in Americans minds Though his fame has since faded Old Rosebud was one of the most talented racehorses of his era and was once among the most recognizable names in US sports Racing s Return from the Brink is the first book to examine this critical period in American Thoroughbred racing history and one of the sport s forgotten superstars *The Top 1%: Habits, Attitudes & Strategies For Exceptional Success* Dan Strutzel,2018-10-09 In the past several years there has been a great deal of hyperbole disseminated by mass media about The Top 1% Most of this press has been negative casting the 1% as the villains and the 99% as the victims Most every major problem in our society and in individuals inability to progress has been blamed on this elite income class Yet the paradox is that the vast majority of people in America strive every day to become part of that 1% Why is this Because most people intuitively understand that the picture of the 1% is largely incorrect at worst or incomplete at the very least So is much of what we ve been told about the

1% incorrect Is there another reality about the 1% that has not been told by the media And should you and I aspire to be part of The Top 1% The answers to these questions are an unqualified yes In this compelling book personal development expert and researcher Dan Strutzel will give you a completely new and ultimately inspiring view of this income class And best of all he will outline the specific things you need to do to become a proud member of The Top 1% You ll learn The most popular myths and the hidden truths of The Top 1% Why average is over and striving for the Top 1% should be everyone s goal regardless of whether you ever reach that goal The 12 qualities that The Top 1% have in common How to develop an owner s mentality not a consumers mentality Why you don t get your dream job you create it Why traditional goal setting concepts no longer make sense and will not get you to the top 1% Why you should focus on value and equity and not on income Why the 1% and the 99% need each other to achieve the greatest level of success and happiness After reading this book you ll not only have a road map for joining The Top 1% you ll emerge more inspired and excited about your future and the future of our society
