third party apps to automate routine tasks and procedures n Looking for ways to work smarter and faster with your Mac In this updated and expanded fifth edition of his popular guide to Mac automation Joe Kissell shows how anyone at any level of experience can save time and effort and avoid unnecessary errors by using automation techniques that range from the simplest keyboard shortcut to the most complicated script In this book Joe teaches you how to automate routine tasks in a wide variety of ways You can begin by making the most of productivity features such as Siri Spotlight for launching apps and text replacement and then move on to the more sophisticated automation tools built into macOS such as Shortcuts Automator AppleScript services and shell scripts In addition Joe gives extensive information about third party automation apps that can make a huge difference to your work efficiency such as Keyboard Maestro TextExpander OmniGraffle and many more As an extra bonus the book includes coupons for discounts on six automation apps Whether you re new to automation you just need a refresher or you re experienced with automation but want to go deeper this book can teach you the skills you need to automate with ease Take back your time work more efficiently and have more fun with your Mac with Take Control of Automating Your Mac Fifth Edition With this book you ll learn how to Get started with the built in macOS automation tools including Shortcuts Automator AppleScript and shell scripts Take full advantage of input devices to save clicks and keystrokes Customize toolbars and your Touch Bar to put hard to find controls at your fingertips Use your voice to control your Mac with Siri and Voice Control Dictation Commands Automate text expansion for faster more consistent typing Control the Finder with a launcher and by organizing files with Hazel Supercharge your clipboard to remember and reformat previous copies Write macros in Microsoft Office and Nisus Writer Pro Create rules to file email automatically in Apple Mail and Outlook Log in to websites faster with a password manager Automate cloud services with IFTTT and Zapier Set up automatic backup and syncing Run tasks automatically with Login Items Calendar events or launchd Use Omni Automation for JavaScript based automation tasks Control nearly anything on your Mac with Keyboard Maestro

Take Control of Your Passwords, 4th Edition Joe Kissell, 2025-01-09 Overcome password frustration with Joe Kissell s expert advice Version 4.2 updated January 9 2025 Password overload has driven many of us to take dangerous shortcuts If you think ZombieCat12 is a secure password that you can safely reuse a password or that no one would try to steal your password think again Overcome password frustration with expert advice from Joe Kissell Passwords have become a truly maddening aspect of modern life but with this book you can discover how the experts handle all manner of password situations including multi factor authentication that can protect you even if your password is hacked or stolen The book explains what makes a password secure and helps you create a strategy that includes using a password manager working with oddball security questions like What is your pet s favorite movie and making sure your passwords are always available when needed Joe helps you choose a password manager or switch to a better one in a chapter that discusses desirable features and describes nine different apps with a focus on those that work in macOS iOS Windows and Android The book also looks at how you can audit your

passwords to keep them in tip top shape use two step verification and two factor authentication and deal with situations where a password manager can't help New in the Fourth Edition is complete coverage of passkeys which offer a way to log in without passwords and are rapidly gaining popularity but also come with a new set of challenges and complications The book also now says more about passcodes for mobile devices An appendix shows you how to help a friend or relative set up a reasonable password strategy if they're unable or unwilling to follow the recommended security steps and an extended explanation of password entropy is provided for those who want to consider the math behind passwords This book shows you exactly why Short passwords with upper and lowercase letters digits and punctuation are not strong enough You cannot turn a so-so password into a great one by tacking a punctuation character and number on the end It is not safe to use the same password everywhere even if it's a great password A password is not immune to automated cracking because there's a delay between login attempts Even if you're an ordinary person without valuable data your account may still be hacked causing you problems You cannot manually devise random passwords that will defeat potential attackers Just because a password doesn't appear in a dictionary that does not necessarily mean that it's adequate It is not a smart idea to change your passwords every month Truthfully answering security questions like What is your mother's maiden name does not keep your data more secure Adding a character to a 10 character password does not make it 10% stronger Easy to remember passwords like correct horse battery staple will not solve all your password problems All password managers are not pretty much the same Passkeys are beginning to make inroads and may one day replace most but not all of your passwords Your passwords will not be safest if you never write them down and keep them only in your head But don't worry the book also teaches you a straightforward strategy for handling your passwords that will keep your data safe without driving you batty

Take Control of Notes, 2nd Edition Glenn Fleishman, 2025-09-29 Unlock the potential of Apple's Notes app Version 2.1 updated September 29, 2025 This book tells you everything you need to know about Apple's Notes app for iPhone iPad Mac and the web from basic features like formatting text and creating lists to advanced features like scanning documents protecting notes with passwords making sketches and managing attachments Apple's Notes has come a long way since it was first introduced with the iPhone as a simple note taking app but many users are still unaware of its expanded capabilities Now available on iPhones iPads and Macs and on the web at iCloud.com Notes has become a surprisingly powerful tool for writing sketching organizing and sharing information of all kinds Take Control of Notes offers a thorough grounding in this deceptively simple app showing you how to master its many tools and avoid or work around its limitations This version is updated for iOS 26 iPadOS 26 and macOS 26 but also includes working with previous iOS 18 iPadOS 18 and macOS 15 Sequoia Learn the basics of Notes Use the Quick Note feature to start a note from anywhere or start a note from your iPhone iPad Lock Screen Apply and modify character level and paragraph level formatting in a note Move text around with keystrokes Add highlighting to emphasize portions of a note Share notes with other users and add mentions Get advanced insight into formatting and creating rich

entries Make lists including checklists and lists with multiple levels of indentation Create collapsible sections within a note Work with tables Add photos videos audio maps and other documents to your notes Scan printed documents into Notes and save them as PDF attachments Draw and sketch using your finger or an Apple Pencil Perform simple or complex math in Notes simply by typing Clean up handwritten text to look more legible iPad only Use Apple Intelligence to turn a sketch or description into a complete image Understand organizational and system features like how to Organize your notes into folders tag notes and search their contents Use the system password passcode or a separate password to lock your notes keeping them encrypted and private Choose where to store notes iCloud IMAP or a device and whether or how they sync Import notes from other apps and services Create internal references to link notes together Record audio and transcribe a phone call from the Phone app
