Mormon America - Revised and Updated Edition Richard Ostling, Joan K. The Palgrave Handbook of Global Mormonism R. Gordon Shepherd, A. Gary Shepherd, Ryan T. Cragun, 2020-11-12 This handbook explores contemporary Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter day Saint in different world regions What is the faith s appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa

The Money and the Power Sally Denton, Roger Morris, 2002-05-07 Las Vegas the name evokes images of divorce and dice gangsters and glitz But beneath it all is a sordid history that is much more insidious and far reaching than ever imagined The Money and the Power is the most comprehensive look yet at Las Vegas and its breadth of influence Based on five years of intensive research and interviewing Sally Denton and Roger Morris reveal the city s historic network of links to Wall Street international drug traffickers and the CIA In doing so they expose the disturbing connections amongst politicians businessmen and the criminals that harness these illegal activities Through this lucid and gripping indictment of Las Vegas Morris and Denton uncover a national ethic of exploitation violence and greed and provide a provocative reinterpretation of twentieth century American history Now this neon maelstrom of ruthlessness and greed stands to not as an aberrant sin city but as a natural outgrowth of the corruption and worship of money that have come to permeate American life

The Triple Package Jed Rubenfeld, Amy Chua, 2014-02-05 Why do Jews win so many Nobel Prizes and Pulitzer Prizes Why are Mormons running the business and finance sectors Why do the children of even impoverished and poorly educated Chinese immigrants excel so remarkably at school It may be taboo to say it but some cultural groups starkly outperform others The bestselling husband and wife team Amy Chua author of Battle Hymn of the Tiger Mother and Jed Rubenfeld author of The Interpretation of Murder reveal the three essential components of success its hidden spurs inner dynamics and its potentially damaging costs showing how ultimately when properly understood and harnessed the Triple Package can put anyone on their chosen path to success

 1949 Uses and Gratifications landmark study for Columbia University which analyzed a crosssection of men and women
 living in New York who did not receive the newspaper during a New York Times strike Respondents were asked for the
 reasons he or she bought a newspaper and what gratification associated with the paper was unavailable to them during the
 strike A typical newspaper reader emerged that cited respite entertainment information socialization and public affairs
 knowledge as the most typical reasons they sought out a newspaper Professor German uses the Berelson study as a base to
 survey Mormon Jewish and Methodist communities in the New York suburbs to see if critical differences existed among faiths
 Her aim is to segment the contemporary newspaper market circa 2003 by minority versus majority faiths to be analyzed
 Professor German's study has produced conclusive results among these faiths in terms of media usage and reasons for the
 usage that are significant in the fields of religion sociology and media studies *Declarations of Independence* James L.

 Charles H. Lippy, 2006 Over the last 25 years there has been much talk of the presumed decline in religious participation in
 America In addition from the 1960s on surveys that mark the influence of religion in American life have shown a mixed
 response Many suggest that religion is losing influence in the culture as a whole others indicate that while organized religion
 may be experiencing challenges spirituality is on the upswing At the same time however there have been signs that religious
 life in the U S is extraordinarily healthy But religion in America has changed to be sure in a number of ways And it has

changed us and our culture in return This timely set looks at the major forces that are changing the shape of religion in American life With an influx of immigrants from Asia Latin America and other regions the diversity of religion has grown to include Buddhism Hinduism Islam and other faiths Latin American and African American communities have experienced changes in the ways they practice their faith and in turn influence American culture in general Women have entered the clergy in record numbers and the push for allowing women and gays to enter the clergy in religions that limit or prohibit their roles is on the increase In addition gay couples are leading the same sex marriage movement and other social issues such as abortion stem cell research end of life care etc are still being debated Interest over how people actually live out their religion or spirituality has mushroomed in recent decades thanks in part to the information revolution and popular culture What folks do when they gather together to worship and where they come together has changed dramatically with the advent of the Internet and the role of sports in American life So much has changed and faith in America has become more important than ever as part of our culture our way of life and the way we relate to each other and the world around us The essays found in these pages shed light on our understanding of these transformations and help us comprehend the enormous role of religion in our society and in our world From the Polarizing Mind-set to Productive Discussion of Public Policy and Intercultural and Interfaith Relations Howard Lee Nostrand,2003 This volume challenges readers to confront constructively the greatest threat to the long term well being of society polarization and fragmentation **Public Discussion of the Issues Between the Reorganized Church of Jesus Christ of Latter Day Saints and the Church of Christ (Disciples)** Edmund Levi Kelley,1884 **Junius And Joseph** Robert Wicks,Fred R.
