**Special Education in Today's Diverse Classrooms** Shantel M. Farnan, Ruby L. Owiny, 2025-09-02 Special Education in Today's Diverse Classrooms Meeting the Needs of Students with Exceptionalities is an introductory level textbook designed for all pre-service teachers to learn about meeting the needs of students with exceptionalities in inclusive environments. Along with descriptions of each IDEA disability category, the book presents high leverage practices (HLPs) and evidence-based strategies that are practical and applicable to any instructional environment. Through the lens of HLPs, this text emphasizes universal design for learning (UDL), tiered supports, culturally inclusive pedagogies and practices (CIPP), and evidence-based practices (EBPs). This textbook bridges the gap between research knowledge about disabilities and a practical approach to educating students, offering a comprehensive framework for educators navigating the diverse needs of students with exceptionalities. By placing a strong emphasis on CIPP and EBPs as they relate to HLPs, it equips readers with tools to create meaningful and equitable learning experiences. The unique structure, enriched by authentic vignettes and aligned with professional standards, ensures the practical application of frameworks such as UDL and multi-tiered systems of support. Additionally, the book underscores the importance of family engagement, making it a vital resource for fostering collaboration in education. The content aligns with the Council for Exceptional Children (CEC) standards, ensuring its relevance and utility for professional educator preparation. Through its innovative approach, this text inspires educators to not only meet students' needs but also celebrate their individuality, preparing them to succeed in dynamic inclusive school and classroom environments.

**Key Features:** Real-life vignettes from individuals with disabilities, their families, and educators offer authentic perspectives that go beyond case studies. Links to resources to increase exposure and knowledge about specific topics designed to enrich understanding and application of inclusive practices. Includes coverage of concepts such as trauma, neurodiversity, social and emotional learning, assistive technology, and new instructional technologies. With inclusive language and culturally inclusive pedagogies and practices, the book prepares future educators to foster trust and promote equity in their classrooms. Focus on application to the classroom through questions and activities at the end of each chapter. Color graphics, visual frameworks (e.g., UDL models and instructional charts) enhance comprehension and engagement. Please note: ancillary materials such as quizzes and eFlashcards are not available as in the print version of this work.

**Middle School Today** Holly Henderson Pinter, Kim K. Winter, Kayleigh Kassel, 2025-02-18 Middle School Today is clustered into major themes: adolescent development and identity, the adolescent learner, curriculum and instruction, and the contemporary middle school. The book describes the components related to adolescent development, starting with simple principles from psychology regarding the physical, cognitive, and social development of adolescents. The book then explores current trends in research regarding contemporary topics such as trauma-informed practices, social emotional learning, and social justice. A large section of the book is devoted to curriculum and instruction. This section will reach both broadly and deeply to the ins

and out of designing instruction implementing instruction and assessment across all content areas Readers will have access to resources for teacher candidates and teacher educators to utilize in practice Finally the book explores the historical grounding of middle level education relying on foundational principles from the Association of Middle Level Education AMLE and address how teachers can connect best practices to school settings where implementing best practice may be absent
