across since the racial identities of black characters are almost entirely muted leaving the series as one that opts for escapism over a nuanced exploration of real time racial dynamics Tillet Even as people of colour and other marginal groups of society have gained more visibility in the American film industry they are still subject to discrimination and severely underrepresented in television Hunt and Ram n Considering that racism describes policies behaviours rules etc that result in a continued unfair advantage to some people based on race the purpose of this essay is to reveal racist aspects about the series racism Although Bridgerton tries to represent people of colour progressively by casting diverse actors the series creates the opposite effect by concealing relevant racial issues destroying the idea of a black solo reigning queen and by silencing and stereotyping black characters negatively
