Performance ,2012-06-03 Idiot Engineering Alfred Boediman,Ridi Ferdiana,2020-12-17 We all especially software engineers are on a journey of enhancing Artificial Intelligence AI Some of us have even dedicated our lives to it Every part of the journey is astonishing including the challenges we encounter Our struggles sometimes lead to ineffective outcomes and because of this some people consider what we are doing or what we have done boring or even idiotic Nevertheless this journey would not be fulfilling without all the highs and lows Whether or not we agree with it AI is here and here to stay What we need to do is embrace Artificial Intelligence and we need to enjoy the journey But how do we enjoy it This book will help us do that by explaining the definition of AI the potentials and the risks of AI how to work on AI how to utilize AI and how to increase AI literacy through education **Social - Local - Mobile** Gerrit Heinemann,Christian Gaiser,2014-11-20 n the future shopping will be greatly influenced by a combination of localization issues mobile internet at the point of sale and use of social networks This book focuses on the SoLoMo synergies that arise from this paradigm shift in future shopping which also promises new and effective marketing options for traditional retailers It also reflects the current status of research and business practice analyzing the basic factors of SoLoMo in detail The importance of Location based Services LBS is elaborated and analyzed in an empirical study using a market based case of kaufDA a leading German online shopping network The evidence shows that customers see LBS as an attractive tool and are prepared to change their buying behavior Though LBS is still in its early stages and its professional longevity remains to be seen it also promises tremendous potential for the future **The Internet as a Technology-Based Ecosystem** Nigel Walton,2017-05-04 This book examines and critiques classical approaches to strategic analysis whilst exploring alternative methods which utilise ecosystem and platform concepts as well as chaos and complexity theories The innovative study provides a critique of the neoclassical Newtonian school of strategy and proves it to be largely inappropriate as a decision making methodology in today s internet based market By developing a new biological hydrothermal vent model in which analogical comparisons are made with the Information Communication Technology ICT sector the chapters challenge existing paradigms of competitive advantage and analyse the extent to which the Internet can be considered to be an ecosystem in its own right The Internet as a Technology Based Eco System offers a range of alternative models and analytical frameworks for the analysis of internet based technology companies in the twenty first century creating a valuable tool for students and academics undertaking research in strategy technology and electronic engineering **Intelligent Retail** Gerrit Heinemann,2022-10-13 This book shows stationary retail a way to reinvent itself after Corona in order to be able to survive against the strong competition of online retail The focus is on the central issues that will shape the retail of the future For example brick and mortar retail in particular must now work with intelligent systems based on data and adopt or even surpass methods that the large online

marketplaces have been using successfully for a very long time In this regard artificial intelligence also plays a major role in retail This is not just about automation and robots taking over tasks but also about instruments and machines being able to learn and draw conclusions themselves in all retail functions This is becoming increasingly difficult because our shopping and search behavior is constantly changing Therefore a customer should receive intelligent recommendations in the store which are also based on his already known interests and behavior patterns Gerrit Heinemann shows how intelligent action can save stationary retail in city centres and shopping centres The content From stationary Retail to intelligent Retail Threats to the stationary retail trade Basic requirements and manifestations of intelligent Retail Examples of intelligent retail of the future Risks for intelligent Retail

The Briar Society C.J. Bernstein,2021-04-02 An ancient secret society a new age of magic and a question that could decide the fate of the world When a mysterious entity known only as The Well joins the forum and begins delivering strange ephemera from an alternate timeline a select group of readers finds themselves faced with the once in a lifetime opportunity To join a secret centuries old organization devoted to the preservation study and performance of magic An organization called the Briar Society With the Well at the helm and familiar faces joining their search the newly minted Briars chase one cryptic clue to the next in their quest for answers and magimystic knowledge while also connecting loose ends that begin with *The Book of Briars* and reach all the way back to *The Monarch Papers* From a nineteenth century branch of the original society to Deirdre Green s Manhattan brownstone from the Cotswolds to the Pacific Northwest to rural Missouri the adventures of the Briar Society span countries and centuries in their efforts to unravel a set of ever more convoluted mystifications all to answer a single crucial question A question that if answered might finally reveal what waits

for them in the shadows of the new age Preaching the Parables Richard Louie Sheffield, 2007 Richard Sheffield preaches and writes with clarity and conviction He has a rare gift of interpreting parables so they are accessible to his audience while retaining their heavenly truth for our lives He has a heart for God and that comes through in this book Rev David E Gray Former Acting Assistant Secretary U S Department of Labor Presbyterian Chaplain American University When Richard Sheffield sang I Love to Tell the Story as a child he never dreamed that he would end up telling that age old story for his life's work Yet telling the story is a vital form of communication for preachers and the most effective way to reach audiences with God's powerful plan of salvation People love to hear stories sing about stories and tell stories but above all they remember stories Jesus knew this indeed he was a master storyteller himself Jesus most powerful sermons the parables were simply earthly stories with heavenly meanings using such common imagery as salt and light sheep a mustard seed weeds lamps with oil and workers in a vineyard Preaching the Parables expands on fourteen of Jesus parables appearing in Cycle A of the Revised Common Lectionary and brings them into a more modern setting In Sheffield's hands the stories he loves to tell are as varied as familiar songs in the hymnal he uses the children's song The Wise Man Built His House upon the Rock as a springboard for a vivid portrayal of the difference between wise and foolish builders This Little Light of Mine provides further insight into Jesus teaching in Matthew 5 and the plaintive wail of The Ninety and Nine reminds us just like Luke 15 that if we were the only wandering sheep our wonderful shepherd would seek for us until we were found The parables of Jesus as familiar predictable Sunday school stories Not when Richard Sheffield is doing the preaching and teaching This book is must reading for Christians who seek a lifelong Christ centered faith Ginny Thornburgh Director of Religion and Disability Program National Organization on Disability Member Board of Trustees Princeton Theological Seminary Richard Louie Sheffield is senior pastor of Georgetown Presbyterian Church in Washington DC He has previously served congregations in Ohio Massachusetts and New York Sheffield holds degrees from Georgia State University A B the University of Chicago M B A Princeton Theological Seminary M Div and Louisville Presbyterian Theological Seminary D Min **Faroe Islands** James Proctor, 2024-04-05 This new thoroughly updated sixth edition of Bradt's Faroe Islands remains the only English language guide to this isolated unspoiled Nordic archipelago home to Tórshavn the world's smallest capital and where there are twice as many sheep as people meaning that it's still possible to discover a way of life that is fast disappearing elsewhere in Europe a place where sheep were fitted with cameras to help film for Google Streetview locally dubbed Google Sheepview Visiting the Faroes is a chance to experience nature in the raw Its breathtaking landscapes never fail to inspire from the highest sea cliffs in Europe at Enniberg on the island of Viðoy to the dramatic seascapes at Akraberg the southernmost point of the Faroes Also included are details of how to reach even the remotest corners by bus using a travel card information on changing seabird numbers in the North Atlantic and details of where to go birdwatching and hiking Written by expert author James Proctor who has been visiting the Faroes since 1992 this guidebook offers detailed information about all 18 islands

including Mykines whose year round population is barely in double figures Within the islands themselves Bradt's Faroe Islands is recognised as the definitive source of information about the Faroes in the English language and is widely respected as such There's hands on advice about where to stay and eat how to get around be it by local ferry helicopter or your own hire car and what to see and do This latest edition includes all the most recent developments including improvements in air ferry and road travel the latter including the world's only subsea roundabout and provides all the information needed for a successful trip with updated reviews of accommodation plus Tórshavn's classy new hotels and eating and drinking options Whether you're visiting for the amazing birdlife to walk some of Europe's least known hiking trails or simply to sample real village life among the turf roofed houses painted in a mix of reds yellows and blues Bradt's Faroe Islands is the perfect companion
