Adapting Margaret Atwood Shannon Wells-Lassagne, Fiona McMahon, 2022-01-01 This book engages with Margaret Atwood s work and its adaptations Atwood has long been appreciated for her ardent defence of Canadian authors and her genre bending fiction essays and poetry However a lesser studied aspect of her work is Atwood s role both as adaptor and as source for adaptation in media as varied as opera television film or comic books Recent critically acclaimed television adaptations of the novels *The Handmaid s Tale* Hulu and *Alias Grace* Amazon have rightfully focused attention on these works but Atwood s fiction has long been a source of inspiration for artists of various media a seeming corollary to Atwood s own tendency to explore the possibilities of previously undervalued media graphic novels genres science fiction and narratives testimonial and historical modes This collection hopes to expand on other studies of Atwood s work or on their adaptations to focus on the interplay between the two providing an interdisciplinary approach that highlights the protean nature of the author and of adaptation
