League Robert Foust, Keith Rogers, 2021-06-09 While this book is basically a satirical look at baseball it touches on other subjects along the way It starts in 1956 long after the legend of Abner Doubleday a Civil War officer whose name is entwined with inventing the grand old game we now call baseball Unlike the ironmen of the past who went the distance and hit for power too the narrative explores how the game evolved into one that features specialized players like designated hitters and starting pitchers who rarely go more than six innings before the hot arms of the bullpen trot out It also tells the journey of a young boy into manhood and the trials and tribulations he endures while seeking his lifelong dream and indeed his true calling in life of becoming a major league pitcher It touches on the draft and his induction into the military and ultimately his deployment to Southeast Asia and a combat tour that he barely survived It then follows his path into the world of marijuana trafficking and ultimately a four year stretch in a Canadian penitentiary It climaxes with our protagonist getting an invitation at age thirty six to spring training He didn't make the team but it was an achievement nonetheless It is an entertaining read with great characters mixed in along the way I hope you will enjoy reading this piece of baseball fiction as much as I enjoyed writing it Plunkett's E-Commerce & Internet Business Almanac Jack W. on Georgia History A Sports Collectors Digest Best Baseball Book of 2022 A Public Books Public Pick of 2022 In July 1975 the editors of the Atlanta Constitution ran a two part series entitled Loserville U S A The provocatively titled series detailed the futility of Atlanta's four professional sports teams in the decade following the 1966 arrival of its first two major league franchises Major League Baseball's Atlanta Braves and the National Football League's Atlanta Falcons Two years later the Atlanta Hawks of the National Basketball Association became the city's third major professional sports franchise In 1972 the National Hockey League granted the Flames expansion franchise to the city making Atlanta the first southern city with teams

in all four of the big leagues The excitement surrounding the arrival of four professional franchises in Atlanta in a six year period soon gave way to widespread frustration and eventually widespread apathy toward its home teams All four of Atlanta's franchises struggled in the standings and struggled to draw fans to their games Atlantans indifference to their new teams took place amid the social and political fracturing that had resulted from a new Black majority in Atlanta and a predominately white suburban exodus Sports could never quite bridge the divergence between the two Loserville examines the pursuit arrival and response to professional sports in Atlanta during its first decade as a major league city 1966-75 It scrutinizes the origins of what remains the primary model for acquiring professional sports franchises offers of municipal financing for new stadiums Other Sunbelt cities like San Diego Phoenix and Tampa that aspired to big league stature adopted Atlanta's approach Like the teams in Atlanta the franchises in these cities have had mixed results both in terms of on field success and financial stability
