Yorke, M. Ed,2017-10-01 The Home Distilling Handbook was written for beginning distillers who want to learn the complete process of making high quality whiskey Clear pictures and concise instructions give you a complete understanding of every step in the process The book includes a detailed list of every piece of equipment you need Use the book as a step by step guide to making whiskey and other spirits Moonshine Kevin R. Kosar,2017-04-15 You might think moonshine only comes from ramshackle stills hidden away in the Appalachian Mountains but the fact of the matter is we ve been improvising spirits all around the world for centuries No matter where you go there is a local bootleg liquor whether it s bathtub gin peatreek or hjemmebrent In this book Kevin R Kosar tells the colorful and at times blinding history of moonshine a history that s always

been about the people from crusading lawmen and clever tinkerers to sly smugglers and ruthless gangsters from pontificating poets and mountain men to beleaguered day laborers and foolhardy frat boys Kosar first surveys all the things we've made moonshine from including grapes grains sugar tree bark horse milk and much more But despite the diversity of its possible ingredients all moonshine has two characteristics it is extremely alcoholic and it is in most places illegal Indeed the history of DIY distilling is a history of criminality and the human ingenuity that has prevailed out of officials' sights from cleverly designed stills to the secret smuggling operations that got the goods to market Kosar also highlights the dark side completely unregulated many moonshines are downright toxic and dangerous to drink Spanning the centuries and the globe this entertaining book will appeal to any food and drink lover who enjoys a little mischief [Moonshine Talking](#) Scott Patterson, 2011-02-18 Join Shaklee and Amway two enterprising aliens hell bent on selling moonshine to the outer worlds Towed into low Earth orbit their penniless campaign immediately collides with human ambition and downhome hillbilly charm Chief among their opposition is the new president elect a genuine backwoods Tennessee boy aided by his girlfriend from the stars It's a silly improbable tale of human folly and extraterrestrial nonsense **Moonshine Memories** Thomas Allison, 2014-09-16 For 25 years Tom Allison was a revenue agent a federal agent charged with enforcement of the nation's laws on taxation of liquor His territory was the hills hollows and deep woods of Alabama and his quarry was the illegal whiskey makers Allison remembers the stake outs in the brush the undercover assignments the long waits to catch the distillery operators red handed and of course the chases as he and his fellow treasury agents ran down fleeing moonshiners in the dark of night While Allison is a natural story teller the characters who populate this history are too strange to be fiction Perhaps the only thing more striking than the ignorance of many of the moonshiners is the craftiness of some others [Whiskey Distilled](#) Heather Greene, 2014-10-16 In the populist tradition of Andrea Immer New York City's first female whiskey sommelier translates today's hottest spirit for a new generation of imbibers Whiskey is in the midst of a huge renaissance Ten years ago the United States housed sixty nine craft distillers today there are more than four hundred Exports of Scotch whisky grew 12 percent just last year Sales are skyrocketing and specialty bars are popping up around the country from New York City to Chicago to Houston Yet whiskey drinkers especially novices are more confused than ever Over the past decade whiskey expert Heather Greene has been bombarded with thousands of questions including Can I have ice in my whiskey Why is it sometimes spelled whisky What makes bourbon different As New York City's first female whiskey sommelier Greene introduces audiences to the spirit's charms and challenges the boys club sensibilities that have made whiskey seem inaccessible with surprising new research that shows the crucial importance of nosing whiskey Through lively tastings speaking engagements and classes such as the popular Whiskey as an Aphrodisiac Greene has been demystifying whiskey the way Andrea Immer did wine a decade ago In this lively and authoritative guide Greene uses bright visuals an easy to read format and the familiar vocabulary of wine to teach readers about whiskey and encourage them to make their own
