More Lies And Alibis Using Lies As Alibis Book :

Without Alibi Jacques Derrida, Peggy Kamuf, 2002 This book brings together for the first time five recent essays by Jacques Derrida which advance his reflections on many issues lying perjury forgiveness confession the profession of faith and most recently cruelty sovereignty and capital punishment Strongly linked by their attention to performatives and the as if the essays show the necessity of thinking beyond the category of acts that are possible for a subject Derrida argues forcefully that thought must engage with the impossible that is the order of the unforeseeable event the absolute future still to come This acute awareness of the limits of performative programs informs the essays throughout and attunes them closely to events of a world undergoing globalization The first essay History of the Lie reviews some classic and modern definitions of the lie Augustine Rousseau Kant Koyr Arendt while renewing questions about what is called lying as distinguished from other forms of nontruth This inventive analysis is followed by Typewriter Ribbon which examines at length the famous lie recounted by Rousseau in his Confessions when he perjured himself by accusing another of his own crime Paul de Man's reading of this textual event is at the center of Derrida's patient at times seriously funny analyses Le parjure Perhaps engages with a remarkable novel by Henri Thomas that fictionalizes the charge of perjury brought against Paul de Man in the 1950s Derrida's extraordinary fineness as a reader and thinker of fiction here treats to profound effect the fatal experience of perjury The two final essays The University Without Condition and Psychoanalysis Searches the States of Its Soul address the institutions of the university and of psychoanalysis as sites from which to resist and deconstruct the nontruth or phantasm of sovereignty For the university the principle of truth remains at the core of its resistance for psychoanalysis there is the obligation to remain true to what may be Derrida suggests its specific insight into psychic cruelty Resistance to the sovereign cruelty of the death penalty is just one of the stakes indicated by the last essay which is the text of a keynote address to the States General of Psychoanalysis held in Paris July 2000 Especially for this volume Derrida has written Provocation Forewords which reflects on the title *Without Alibi* while taking up questions about relations between deconstruction and America This essay foreword also responds to the event of this book which Peggy Kamuf in her introduction presents as event of resistance *Without Alibi* joins two other books by Derrida that Kamuf has translated for Stanford University Press *Points Interviews* 1974 1994 1994 and *Resistances of Psychoanalysis* 1998 *Alibis and Corroborators* Joshua D. Behl, Megan R. Kienzle, 2022-05-09 This book aims to increase understanding of alibis and corroborators examining the role alibis play or fail to play in innocence cases It analyses the factors that can influence the suspect the defense team the alibi corroborator and ultimately the alibi statement itself Recognition of and reactions to wrongful convictions have been on the rise as researchers and society take a closer more critical look at America's criminal justice system In addition to serving as a complete review of the science this volume discusses issues such as alibi generation alibi believability a proposed theory of alibis international comparisons of issues in alibi corroboration age and gender differences in alibi corroboration attorney perceptions and use of

alibi evidence and erroneous alibis Offering an in depth empirical view this book will appeal to students and researchers interested in Criminology Legal Psychology Social Psychology Law and practitioners in our legal and criminal justice systems who are making tough decisions about this distinctive witness type **The New York Times Book Review** ,1991-07

The New Jack's Stunt Book ,1933 An Alibi of Gifts, a Cat of Wind Stephen Dunn,1977 *This is Not Just a Painting* Bernard Lahire,2019-04-15 In 2008 the Mus e des Beaux Arts de Lyon acquired a painting called The Flight into Egypt which was attributed to the French artist Nicolas Poussin Thought to have been painted in 1657 the painting had gone missing for more than three centuries Several versions were rediscovered in the 1980s and one was passed from hand to hand from a family who had no idea of its value to gallery owners and eventually to the museum A painting that had been sold as a decorative object in 1986 for around 12 000 euros was acquired two decades later by the Mus e des Beaux Arts de Lyon for 17 million euros What does this remarkable story tell us about the nature of art and the way that it is valued How is it that what seemed to be just an ordinary canvas could be transformed into a masterpiece that a decorative object could become a national treasure This is a story permeated by social magic the social alchemy that transforms lead into gold the ordinary into the extraordinary the profane into the sacred Focusing on this extraordinary case Bernard Lahire lays bare the beliefs and social processes that underpin the creation of a masterpiece Like a detective piecing together the clues in an unsolved mystery he carefully reconstructs the steps that led from the same material object being treated as a copy of insignificant value to being endowed with the status of a highly prized painting commanding a record breaking price He thereby shows that a painting is never just a painting and is always more than a piece of stretched canvass to which brush strokes of paint have been applied this object and the value we attach to it is also the product of a complex array of social processes with its distinctive institutions and experts that lies behind it And through the history of this painting Lahire uncovers some of the fundamental structures of our social world For the social magic that can transform a painting from a simple copy into a masterpiece is similar to the social magic that is present throughout our societies in economics and politics as much as art and religion a magic that results from the spell cast by power on those who tacitly recognize its authority By following the trail of a single work of art Lahire interrogates the foundations on which our perceptions of value and our belief in institutions rest and exposes the forms of domination which lie hidden behind our admiration of works of art **The Alibi**
