James Geary,2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to organizing indexing and even translating them The result is Geary's Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book's two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works A perfect follow up to Geary's New York Times bestseller The World in a Phrase Geary's Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers Within My Heart Michael A. Van Horn,2017-03-14 This book illustrates how Christianity in the modern era has been shaped in the direction of subjectivity In the Enlightenment after Locke required faith to submit to reason's judgment Kant argued that religion should remain within the bounds of reason only Schleiermacher shifted attention away from belief to devotion to Christ and a feeling of absolute dependence on God Rejecting Hegel's system Kierkegaard summoned his readers to a unique subjective approach to justification by faith Revivalist Evangelicalism has been perceived and portrayed itself as a rejection of modernism This study argues instead that the Evangelical revivalist movement is unmistakably modern in its assumptions regarding the nature of faith The Pietist impulse fueled in part by modern anthropocentrism and subjectivism in religious belief was appropriated by the Evangelical revivalists such as John Wesley George Whitefield Jonathan Edwards and later Charles Finney In short Christianity today is a religion of the heart **Schall on Chesterton** James V. Schall,2010-04 In this book of essays Father James V Schall a prolific author himself and a prominent Catholic writer brings readers to Chesterton through a witty series of original reflections prompted by something Chesterton wrote timely essays on timeless issues **Rethinking Stress in an Age of Ease** William J. Elenchin,2019-02-27 Stress is a concept that has become both increasingly popularized and misunderstood in society Today we often think about how stressed we are many on a daily basis This is especially interesting when we consider that as life has become easier at least from a materialistic standpoint rates of depression and anxiety in our culture have risen It is true that living with too many demands in life can be harmful to our physical and emotional health But it is equally true that when we believe difficult

circumstances are an unnatural part of life we only set ourselves up for increased fear and sorrow Hans Selye the scientist who discovered how stress operates in the mind and body nearly a century ago never intended for it morph into the now common idea that all stress is bad for us Yet that s precisely what has occurred driven by three particular social changes in the last half century This little guide is a back to the basics kind of field manual written for students but is generally for all ages By rethinking the proper role that stress plays in our lives we will be better positioned not only to deal with life s challenges but to embrace all seasons as a part of our journey while on earth *The Nation and Athenæum* ,1910 **On the Unseriousness of Human Affairs** James V. Schall,2023-05-02 In this wise and witty book acclaimed author James Schall illuminates a fundamental truth that will shock ceaselessly busy and ambitious Americans human affairs are unserious Following Plato Schall shows why singing dancing playing contemplating and other useless human activities are not merely forms of escape but also indications of the freedom in and for which men and women were created The joy that accompanies leisure festivity and conviviality he demonstrates gives us a glimpse of the eternal On the Unseriousness of Human Affairs offers a vital message that is truly countercultural **Good Order: Right Answers to Contemporary Questions** Brad Miner,1995 Today s hottest issues urban crime school choice family values congressional term limits and more are examined explained and resolved by the nation s leading advocates of the conservative agenda *Crumbs from a Bum* Matthew B. Wincowski,2014-09-16 Finding a coherent set of answers to lifes age old questions can be an onerous undertaking Yet the questions abound in our culture and a rational collection of answers is seemingly ungraspable Commoners have been led to believe that beliefs are irreversibly inconsequential Youngsters are boldly instructed to merely seek success Teachers unblushingly preach to students that there is no such thing as truth With uncountable opinions and beliefs put forth who ought we to trust Should we give credence to the preachy words of secularists who do not even have the backbone to adhere to a logically consistent worldview Are we to trust the pop psychologists who unmindfully and unabashedly bypass lifes essential questions Would it be shrewd of us to subscribe to the pluralists who lack the decency to study incommensurable worldviews yet absurdly accept contrasting worldviews as equally valid Whom shall we trust In a culture where common sense has commonly vanished amongst commoners we would do well to welcome common sense into our lives Thinking episodically has become the modern routine and yet such a routine suffocates us in the ruins of our own lack of thinking for thinking episodically is really no way of thinking at all Perhaps just perhaps the answers to lifes most pressing questions are within our reach but first we must be willing to embrace common sense [You Will Be Made to Care](#) Erick Erickson,Bill Blankschaen,2016-02-22 Religious liberty is under attack in America Your freedom to believe may not last much longer To all those who say they don t care about the culture war Erick Erickson has only one response The Left will not let you stay on the sidelines You will be made to care Now the former Editor in Chief of RedState com joins with Christian author Bill Blankschaen to expose the war in America on Christians and all people of faith who refuse to bow to the worst kind of

religion secularism one intent on systematically imposing its agenda and frightening doubters into silence The book features first hand accounts from Christians who ve been punished for their beliefs and the perspectives of concerned thought leaders to make the case that Americans of faith can t afford to ignore what s happening not anymore You Will Be Made to Care offers hope for preserving freedom of conscience with practical steps that believers families pastors church leaders and citizens can take to resist tyranny and experience a resurgence of faith in America Fidelity ,1988
