Your side hustle is waiting; get started. Anyone with the desire can start a side hustle, and there are more opportunities now than ever before. In 2017, YouTube personality and personal finance guru Ryan Scribner quit his day job to focus exclusively on his side hustle. By 2021, at the age of 26, he had become a millionaire. *From Side Hustle to Main Hustle to Millionaire* tells Ryan's story of transitioning from the 9 to 5 grind to a liberating and lucrative career as a self-employed business owner and gives you the tools to launch a side hustle too. In 13 simple lessons, Ryan shares what it takes to leave the workforce behind, follow your passions, and earn passive income. Learn how to build a successful side business that you can grow to your main source of income over time with specific guidance on each step of the process, including: How to embrace frugality and set yourself up for financial success; What to consider when choosing a side hustle with suggestions for identifying untapped markets; Why a good mentor is important and how to find one; Strategic steps to grow your audience or customer base; When and how to diversify into other assets and create passive revenue streams. **The Economist**, 1919. *Time* Briton Hadden, Henry Robinson Luce, 1929. The author of the acclaimed bestselling *In Praise of Difficult Women* delivers a hilarious feminist manifesto that encourages us to reject self-improvement and instead learn to appreciate and flaunt our complex and flawed human selves. Why are we so obsessed with being our so-called best selves? Because our modern culture force-feeds women lies designed to heighten their insecurities. You can do it all: crush it at work, at home, in the bedroom, at PTA, and at Pilates, and because you can, you should. We can show you how. Karen Karbo has had enough. She's taking a stand against the cultural and societal pressures, marketing, and media influences that push us to spend endless time, energy, and money trying to fix ourselves, a race that has no finish line and only further increases our sense of self-dissatisfaction and loathing. Yeah, no, not happening is her battle cry. In this wickedly smart and entertaining book, Karbo explores how self-improvement evolved from the provenance of men to women. Recast as consumers in the 1920s, women it turned out could be seduced into buying anything that might improve not just their lives but their sense of self-worth. Today we smirk at Mad Men era ads targeting 1950s housewives, even while savvy marketers aided and abetted by social media influencers peddle skin care systems, skinny tea, and regimens that promise to deliver endless happiness. We're not simply seduced into dropping precious disposable income on empty promises; the underlying message is that we can't possibly know what's good for us, what we want, or who we should be. Calling BS, Karbo blows the lid

off of this age old trend and asks women to start embracing their awesomely imperfect selves There is no one more dangerous than a woman who doesn't care what anyone thinks of her Yeah No Not Happening is a call to arms to build a posse of dangerous women who swear off self improvement and its peddlers A welcome corrective to our inner critic Karbo's manifesto will help women restore their sanity and reclaim their self worth **Where and how to Sell Manuscripts** ,1924
