

The History of Gaming

Gaming

Gaming has come a long way since the early 1950s. The first video games were simple games made with a cathode ray tube. They were not popular and were only available in research labs and universities. However, things changed in the 1970s with the arrival of arcade games such as Pong. The success of these games got people interested in home consoles and computers. Since then, gaming has become extremely popular.

1970s

In the 1970s, home computers became more available and a welcome platform for video games. This was the time of classic games such as Pac-Man, Tetris, Frog and Space Invaders. These games were simple, fun and appealed to a wide audience. At the same time, arcade games such as Pong and Tetris were still making money.

1970s

The 1970s saw the release of some of the most recognizable consoles and games of all time. In 1972, Atari released the home Entertainment System (ES) and it was a huge hit. It followed on from the success of the Pong arcade game, which was still very popular. These consoles introduced players to games such as Super Mario Bros and Tetris, the classics.

Gaming also became 3D with the release of consoles such as PlayStation and Nintendo 64, using advanced graphics.
