Side Hustle Ideas Latest Setup:

Side Hustle Chris Guillebeau, 2017-09-19 The author of the New York Times Bestseller THE 100 STARTUP shows how to launch a profitable side hustle in just 27 days To some the idea of quitting their day job to start a business is exhilarating For others it s terrifying After all a job that produces a steady paycheck can be difficult to give up But in a time when businesses have so little loyalty to employees that the very notion of job security has become a punchline wouldn t it be great to have an additional source of income to fall back on And wouldn t it be great to make that happen without leaving your day job Enter the Side Hustle Based on detailed information from hundreds of case studies Chris Guillebeau provides a step by step guide that anyone can use to create and launch a profitable project in less than a month Designed for the busy and impatient this plan will have you generating income immediately without the risk of throwing yourself head first into the world of entrepreneurship Whether you just want to make some extra money or start something that may end up replacing your day job entirely the side hustle is the new job security When you generate income from multiple sources it gives you options and in today s world options aren t just nice to have they re essential You don t need entrepreneurial experience to launch a profitable side hustle You don t need a business degree know how to code or be an expert marketer And you certainly don t need employees or investors With this book as your guide anyone can learn to build a fast track to freedom Financial Freedom Grant Sabatier, 2019-02-05 The International Bestseller New York Public Library s Top 10 Think Thrifty Reads of 2023 This book blew my mind More importantly it made financial independence seem achievable I read Financial Freedom three times cover to cover Lifehacker Money is unlimited Time is not Become financially independent as fast as possible In 2010 24 year old Grant Sabatier woke up to find he had 2 26 in his bank account Five years later he had a net worth of over 1 25 million and CNBC began calling him the Millennial Millionaire By age 30 he had reached financial independence Along the way he uncovered that most of the accepted wisdom about money work and retirement is either incorrect incomplete or so old school it s obsolete Financial Freedom is a step by step path to make more money in less time so you have more time for the things you love It challenges the accepted narrative of spending decades working a traditional 9 to 5 job pinching pennies and finally earning the right to retirement at age 65 and instead offers readers an alternative forget everything you ve ever learned about money so that you can actually live the life you want Sabatier offers surprising counter intuitive advice on topics such as how to Create profitable side hustles that you can turn into passive income streams or full time businesses Save money without giving up what makes you happy Negotiate more out of your employer than you thought possible Travel the world for less Live for free or better yet make money on your living situation Create a simple money making portfolio that only needs minor adjustments Think creatively there are so many ways to make money but we don t see them But most importantly Sabatier highlights that while one s ability to make money is limitless one s time is not There s also a limit to how much you can save but not to how much money you can make No one should spend precious years working at a job they
