How to do Set it and Forget it Day Trading Ricardo Calca, Brand new day traders will love this book because it tells them the information they need to be able to have a low stress, easy way of investing and trading the financial markets if they have zero or very limited experience. The set it and forget it way of day trading, swing trading, or position trading is the easiest, fastest, and most low stress way of investing and trading there is for making high profits in today's fast moving markets. If you are a beginner with limited experience, with this type of supply and demand, set it and forget it investing and trading, once you learn it and master it, you can be confident of setting your order in the live market and then taking your hand off the mouse and letting the market do all of the dirty work for you.
