Who Can You Trust? Rachel Botsman, 2017-11-14 If you can't trust those in charge who can you trust From government to business banks to media trust in institutions is at an all time low But this isn't the age of distrust far from it In this revolutionary book world renowned trust expert Rachel Botsman reveals that we are at the tipping point of one of the biggest social transformations in human history with fundamental consequences for everyone A new world order is emerging we might have lost faith in institutions and leaders but millions of people rent their homes to total strangers exchange digital currencies or find themselves trusting a bot This is the age of distributed trust a paradigm shift driven by innovative technologies that are rewriting the rules of an all too human relationship If we are to benefit from this radical shift we must understand the mechanics of how trust is built managed lost and repaired in the digital age In the first book to explain this new world Botsman provides a detailed map of this uncharted landscape and explores what's next for humanity

The Great Acceleration Robert Colvile, 2016-04-07 Flash crashes Speed dating Instant messaging From the devices we carry to the lives we lead everything is getting faster faster But where did this great acceleration come from And where will it lead In this vitally important new book Robert Colvile explains how the cult of disruption in Silicon Valley the ceaseless advance of technology and our own fundamental appetite for novelty and convenience have combined to speed up every aspect of daily life Drawing on the latest research this book traces the path of this acceleration through our working and social lives the food we buy and the music to which we listen It explains how it's transforming the media politics and the financial markets and asks whether our bodies and the natural environment can cope As we race towards the future into a world packed with new technologies new ideas and new discoveries this scintillating and engrossing book is an invaluable must read guide to the wonders and dangers that await us

Building Brand Communities Carrie Melissa Jones, Charles Vogl, 2020-06-09 An authentic brand community is more than just people buying your product or working alongside one another This book articulates the critical roles of mutual concern common values and shared experiences in creating fiercely loyal customer and collaborator relationships Smart organizations know that creating communities is the key to unlocking unprecedented outcomes But too many mistakenly rely on superficial transactional relationships as a foundation for community when really people want something deeper Carrie Melissa Jones and Charles Vogl argue that in an authentic and enriching community members have mutual concern for one another share personal values and join together in meaningful shared experiences whether online or off On the deepest level brands must help members grow into who they want to be Jones and Vogl present practices used by global brands like Yelp Etsy Twitch Harley Davidson Salesforce Airbnb Sephora and others to connect in a meaningful way with the people critical for their success They articulate how authentic communities can serve organizational goals in seven different areas innovation talent recruitment customer retention marketing customer service building transformational movements and creating community forums They also reveal principles to grow a new brand community to

critical mass This is the first comprehensive guide to a crucial differentiator that gives organizations access to untapped enthusiasm and engagement

Vox Populi George Boas,2020-02-03 Originally published in 1969 The proverb vox populi vox Dei first appeared in a work by Alcuin ca 798 who wrote that the people are to be led not followed Nor are those to be listened to who are accustomed to say The voice of the people is the voice of God Tracing the changing meaning of the saying through European history George Boas finds that the people are not an easily identifiable group For many centuries the butt of jokes and the substance of comic relief in serious drama the people became in time an object of pity and later of aesthetic appeal Popular opinion despised in ancient Rome was something sought after the French Revolution The first essay documents the use of the titular proverb through the eighteenth century In the next six essays Boas attempts to determine who the people were and how writers and philosophers have regarded them throughout history He also examines the people as the creators of literature art and music and as the subject of others artistic representations In a final essay he discusses egalitarianism which has given a voice to the common person Animating Boas s account is his own belief in the importance of the individual s voice as opposed to the voice of the masses which is by no means necessarily that of God or reason

Antisocial Andrew Marantz,2019-10-08 Trenchant and intelligent The New York Times As seen heard on NPR New Yorker

Radio Hour The New York Book Review Podcast PBS Newshour CNBC and more A New York Times Book Review Editors Choice A New York Times Notable Book of 2019 From a rising star at The New Yorker a deeply immersive chronicle of how the optimistic entrepreneurs of Silicon Valley set out to create a free and democratic internet and how the cynical propagandists of the alt right exploited that freedom to propel the extreme into the mainstream For several years Andrew Marantz a New Yorker staff writer has been embedded in two worlds The first is the world of social media entrepreneurs who acting out of na vete and reckless ambition upended all traditional means of receiving and transmitting information The second is the world of the people he calls the gate crashers the conspiracists white supremacists and nihilist trolls who have become experts at using social media to advance their corrosive agenda Antisocial ranges broadly from the first mass printed books to the trending hashtags of the present from secret gatherings of neo Fascists to the White House press briefing room and traces how the unthinkable becomes thinkable and then how it becomes reality Combining the keen narrative detail of Bill Buford s Among the Thugs and the sweep of George Packer s The Unwinding Antisocial reveals how the boundaries between technology media and politics have been erased resulting in a deeply broken informational landscape the landscape in which we all now live Marantz shows how alienated young people are led down the rabbit hole of online radicalization and how fringe ideas spread from anonymous corners of social media to cable TV to the President s Twitter feed Marantz also sits with the creators of social media as they start to reckon with the forces they ve unleashed Will they be able to solve the communication crisis they helped bring about or are their interventions too little too late

Power to the Players Rob Smat,2023-11-21 The sea shanties YOLO s and red bandanas aren t even half of the GameStop story Did you know Robinhood didn t initiate their infamous trading halt Did you know why Redditors refer to 2021 as the sneeze rather than the squeeze Did you know that shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and find out why GameStop was only the beginning of an even more unprecedented retail contagion one which will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world of frequently deleted revised and buried information accurately piecing together events as they occurred is nearly impossible Other authors and journalists have understandably struggled but not author Rob Smat who has been a witness to every part of the GameStop phenomenon having lived it himself Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped in the months and years that followed when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were only a nuisance to the status quo Now they

Social Media and Politics in Turkey , Erkan Saka,2019-11-20 This book focuses on media and zeroes in some critical and oppositional aspects of internet usage within Turkey It does not radically challenge some works on Turkey s recent grand

narrative but presents empirical and minor accounts to this However in elaborating the long history of relatively resilient and multilayered oppositional digital media networks in Turkey this book insists that an idea of authoritarian turn may be misleading as the internet communications are exposed to repressive measures and surveillance tactics from the very beginning of the country's recent past While discussing from citizen journalism practices to political trolls and from Gezi Park protests to disinformation campaigns this book pays tribute to digital activists and points out that mobilizing through digital networks can present glimmers of hope in challenging authoritarian regimes *A Heartbeat Away* Janet Porter,2020-06-16

The Heartbeat Bill ushered in more progress to end abortion in America in the first six months of 2019 than the previous fifty years After decades of looking for answers what we needed was to listen for one The child in the womb is sending a signal Each beat of their heart is a sign of life a cry for help an SOS we can no The Platform Society José van Dijck,Thomas Poell,Martijn de Waal,2018-10-02 Individuals all over the world can use Airbnb to rent an apartment in a foreign city check Coursera to find a course on statistics join PatientsLikeMe to exchange information about one's disease hail a cab using Uber or read the news through Facebook's Instant Articles The promise of connective platforms is that they offer personalized services and contribute to innovation and economic growth while bypassing cumbersome institutional or industrial overhead In *The Platform Society* Van Dijck Poell and De Waal offer a comprehensive analysis of a connective world where platforms have penetrated the heart of societies disrupting markets and labor relations circumventing institutions transforming social and civic practices and affecting democratic processes This book questions what role online platforms play in the organization of Western societies First how do platform mechanisms work and to what effect are they deployed Second how can platforms incorporate public values and benefit the public good The Platform Society analyzes intense struggles between competing ideological systems and contesting societal actors market government and civil society raising the issue of who is or should be responsible for anchoring public values and the common good in a platform society Public values include of course privacy accuracy safety and security but they also pertain to broader societal effects such as fairness accessibility democratic control and accountability Such values are the very stakes in the struggle over the platformization of societies around the globe The Platform Society highlights how this struggle plays out in four private and public sectors news urban transport health and education Each struggle highlights local dimensions for instance fights over regulation between individual platforms and city governments but also addresses the level of the platform ecosystem as well as the geopolitical level where power clashes between global markets and supra national governments take place Reflections on Peace, Serenity and Tranquility Bill Hood,2015-09-27 38 selected essays on improving your life with improved friendships relationships communication skills and much more **A Comprehensive Guide to Male Aesthetic and Reconstructive Plastic Surgery** Seth R.
