The aliens are here and they are us. Or rather they are human beings from another star system who have come to reunite the two branches of humanity whether we like it or not. These aliens who call themselves Casitians since their planet Casiti is *casi tierra* or almost Earth are mandated by the Galactic Council to make earth a more enduring peaceful and sustainable community not so much for people but for dolphins the true galactic citizens. Predictably many Earth humans resist and the Casitians unveil a surprising solution. Earth humans are given the option to migrate to a whole new planet. There is Joel a SETI scientist who is first denounced then vindicated when he discovers an alien signal. Marianne a whip smart programmer is chosen as the first contact and has to juggle the realities of telling the world as she is also emotionally drawn to the mysterious Casitian Ja el. Follow them and a whole host of Earth and Casitian characters in this engaging exploration of what might happen when humans meet ourselves.
