Box Office This Week Returns:

Audiences Ian Christie, 2012 This timely volume engages with one of the most important shifts in recent film studies the turn away from text based analysis towards the viewer Historically this marks a return to early interest in the effect of film on the audience by psychoanalysts and psychologists which was overtaken by concern with the effects of film linked to calls for censorship and moral panics rather than to understanding the mental and behavioral world of the spectator Early cinema history has revealed the diversity of film viewing habits while traditional box office studies which treated the audience initially as a homogeneous market have been replaced by the study of individual consumers and their motivations Latterly there has been a marked turn towards more sophisticated economic and sociological analysis of attendance data And as the film experience fragments across multiple formats the perceptual and cognitive experience of the individual viewer who is also an auditor has become increasingly accessible With contributions from Gregory Waller John Sedgwick and Martin Barker this work spans the spectrum of contemporary audience studies revealing work being done on local non theatrical and live digital transmission audiences and on the relative attraction of large scale domestic and mobile platforms Publisher's website Memento Claire Molloy, 2010-02-28 The book introduces Memento as an important independent film and uses it to explore relationships between indie arthouse and commercial mainstream cinema independent film marketing practices and online fan communities The book also locates Memento within debates around key film studies concepts such as genre narrative and reception **Focus On: 100 Most Popular Nonlinear Narrative Films** Wikipedia contributors,

The Making of Star Wars: Return of the Jedi J. W. Rinzler, 2013-10-01

Just as Star Wars Episode VI Return of the Jedi completed the most successful cinematic trilogy of its generation perhaps of all time, this splendid thirtieth anniversary tribute completes New York Times bestselling author J. W. Rinzler's trio of fascinating behind-the-scenes books celebrating George Lucas's classic films. Once again, the author's unprecedented access to the formidable Lucasfilm Archives has yielded a mother lode of extremely informative, vastly entertaining and often unexpected stories, anecdotes, recollections and revelations straight from the closely guarded set of a big screen blockbuster in the making. Brimming with previously unpublished photos, production artwork, script excerpts, exclusive intel, vintage on-set interviews and present-day commentary, *The Making of Star Wars: Return of the Jedi* chronicles how George Lucas and his crew of extroverted artists, misfits and expert craftspeople roused themselves to great heights for a third time to create the next unforgettable chapter in one of the most beloved sagas of all time. Get up close to the action and feel like a studio insider as creator George Lucas, Oscar-nominated screenwriter Lawrence Kasdan and director Richard Marquand huddle in a script conference to debate the destinies of iconic Star Wars characters as well as plot twists and turns for the epic final showdown between the Rebel Alliance and the Empire; artists and craftspeople at the groundbreaking Industrial Light & Magic facility top their own revolutionary innovations despite the infamous Black Friday with boundary-pushing new analog visual effects; a crack team of sculptors, puppeteers, actors and monster makers bring Jabba the Hutt and his cohorts to startling, slobbering life from the inside out; a Who's Who of heavyweight directors from such films as *Superman*, *Gremlins*, *Halloween*, *Dune*, *Scanners* and *Time Bandits* are considered for the coveted job of bringing a new Star Wars adventure to the silver screen; actors and crew race to the finish line at Elstree Studios in a fiery desert and beneath the trees of a dense redwood forest before money runs out to answer the questions that audiences had waited three years to find out: Is Darth Vader really Luke's father? Who is the other? And who or what is the Emperor? Star Wars stars from both sides of the camera, including Mark Hamill, Harrison Ford, Carrie Fisher, Anthony Daniels, Peter Mayhew, David Prowse, Alec Guinness, director Richard Marquand, producer Howard Kazanjian, Ralph McQuarrie, Joe Johnston, Dennis Muren, Phil Tippett and mastermind George Lucas weigh in with candid insights on everything from technical challenges to character design, Ewoks, the Empire's galactic city planet and the ultimate challenge of bringing the phenomenal space fantasy to a dramatic close. *The Making of Star Wars: Return of the Jedi* gives a spectacular subject its just due with more than five hundred images and many, many new interviews. Praise for *The Making of Star Wars: Return of the Jedi* Just like Rinzler's 2010 volume about *Empire Strikes Back*, *The Making of Star Wars: The Return of the Jedi* is an indispensable volume that will add tons of insight to your appreciation of George Lucas.

Original Trilogy Rinzler has gone through masses of production documents at Lucasfilm and interviewed tons of people and come up with a portrait of Lucas struggling to find a fitting ending to his ambitious heroic saga io9
