How Canadians Communicate V David Taras, Christopher Waddell, 2016-03-15 Fewer Canadians than ever are lacing up skates swimming lengths at the pool

practicing their curve ball and experiencing the thrill of competition However despite a decline in active participation Canadians spend enormous amounts of time and money on sports as fans and followers of sporting events and sports culture Never has media coverage of sports been more exhaustive and never has it been more driven by commercial interests and the need to fuel consumerism on which corporate profits depend But the power plays now occurring in the arena of sports are by no means solely a matter of money At issue as well in the media capture of sports are the values that inform our daily lives the physical and emotional health of the population and the symbols so long central to a sense of Canadian identity Writing from a variety of perspectives the contributors to this collection set out to explore the impact of the media on our reception of and attitudes toward sports to unpack the meanings that sports have for us as citizens and consumers Some contributors probe the function of sports as spectacle the escalation of violence controversies over drug use and the media's coverage of tragic deaths while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism The goal is not to score points but to prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity

Defining Sport Shawn E. Klein, 2016-12-14 *Defining Sport* Conceptions and Borderlines is not about the variations of usage of the term sport It is about the concept the range of activities in the world that we unite into one idea sport It is through the project of defining sport that we can come to understand these activities better how they are similar or different and how they relate to other human endeavors This definitional inquiry and the deeper appreciation and apprehension of sport that follows is the core of this volume Part I examines several of the standard and influential approaches to defining sport Part II uses these approaches to examine various challenging borderline cases These chapters examine the interplay of the borderline cases with the definition and provide a more thorough and clearer understanding of both the definition and the given cases This work is not meant to be the definitive or exhaustive account of sport It is meant to inspire further thought and debate on just what sport is how it relates to other activities and human endeavors and what we can learn about ourselves through the study of sport This book will be of interest to scholars in philosophy of sport history communications sociology psychology sports management cultural studies and physical education

Essays: De Rerum Natura Gregory Blotnick, 2025-08-20 A raw unflinching collection of essays on pain discipline redemption and the inner war every man must fight in rebuilding himself In *Essays De Rerum Natura* Gregory Blotnick takes readers on a searing journey through the depths of the human condition exploring suffering forgiveness and the constant tension between failure and renewal With hard earned wisdom and philosophical depth he champions relentless personal accountability not as a form of penance but as the only true path to freedom Blotnick writes not as a guide but as a fellow traveler through the dark night of the soul sharing lessons forged in the fires of personal collapse In this collection of thirty essays he weaves these reflections with the timeless insights of thinkers like Pascal Schopenhauer Seneca Nietzsche and Plutarch creating a powerful blend of lived experience and

enduring wisdom Part memoir part philosophical guide and part spiritual reckoning *Essays De Rerum Natura* is a blueprint for rebuilding after defeat Above all it is a clarion call for readers to keep showing up to life holding firm in their own self belief as they transform suffering into strength 100% of book proceeds are donated to the American Foundation for Suicide Prevention AFSP

Sport in Journalism and Fiction in the United States Today Karsten Senkbeil, 2007-04-30 Thesis M A from the year 2005 in the subject American Studies Culture and Applied Geography grade 1 0 University of Osnabr ck language English abstract This book with the title *Sports in Journalism and Fiction in the United States Today* by Karsten Senkbeil analyzes the imagery and rhetoric in the public representation of the two most popular American sports namely Baseball and American Football The research is twofold on the one hand a corpus consisting of journalistic texts which appeared on the internet and dealt with one of these sports was assembled and quantitative and qualitative analyses of the rhetoric in these texts was executed with software tools from Corpus Linguistics Central concern was the analysis in respect of national ideology and myth commercialization and imagery if heroism On the other hand a hermeneutic literary analysis of works by contemporary American authors DeLillo Coover Roth and others which had sport as a central topic examined whether and how the imagery and rhetoric found in the corpus analysis was mirrored and critically dealt with on a literary level Results are manifold Both sports the modern and aggressive American Football and the pastoral conservative baseball turn out to be recognized as emblematic expressions of typical American values As national pastimes they are more than distractive spectacles but inherit and re enact parts of American national ideology Militaristic and imperialistic undertones are often found in the corpus and these attitudes are critically and ironically reflected by literary authors An examination of religious metaphors showed how mass media spectator sport has acquired a status of quasi religious myth making its values and belief systems intermixing with and superimposing on classic religious and national myths Commercialization in sports and economic globalization is greeted with suspicion by both sports journalists and authors Instead American professional sport turns out to be a spectacle built around folk heroes whose status and media representation shows how the American public cherishes individual success As Apollonian and Dionysian heroes athletes succeed by embodying genius and creativity at the same time orderliness and conservatism
