What's going on with the the US president allowing US troops to be killed by mercenaries?

I've seen some posts about the US president and soldiers being killed by mercenaries like the one below. What's going on with that?

Answer: a report emerged that Russian military operatives offered to pay Afghan militants to kill coalition forces, including US soldiers. The New York Times also reported that US intelligence briefed the president and vice president about the report. The president, who is also commander-in-chief, is being criticized for not responding to the report in an appropriate manner.
