generation and others reminiscing the frivolity of the Sixties and Seventies **Passing Over and Returning** Paul O. Ingram,2013-10-23 In Passing Over and Returning Paul O Ingram describes his particular dialogue with the world s religions illustrated by his experience of passing over into Hinduism Buddhism Daoism and Confucianism Judaism and Islam and by his return to his home as a Lutheran Christian While religious diversity is not new neither are the questions posed by religious diversity What is new is that more and more people are actively engaged with the world s religions because more and more people are willing to be informed by insights found in religious traditions other than their own This is particularly true among progressive Christians But openness does not necessarily mean rejecting one s own tradition even though persons sometimes convert to another tradition or combine their original religious identity with the identity of another tradition Whether one returns to the home of one s own faith tradition after passing over or assumes a dual religious identity or converts to another tradition all persons engaged in interreligious dialogue undergo processes of creative transformation **Return to Wylder**

The Return of Sherlock

Holmes (Fully Illustrated) Conan Doyle, 2014-01-31 Illustrated with all the original Illustrations Table of contents to every chapters in the book Complete and formatted for kindle to improve your reading experience

The Return of Sherlock Holmes is a collection of 13 Sherlock Holmes stories originally published in 1903 1904 by Arthur Conan Doyle The Return of Sherlock Holmes is a collection of 13 Sherlock Holmes stories originally published in 1903 1904 by Arthur Conan Doyle It was in the spring of the year 1894 that all London was interested and the fashionable world dismayed by the murder of the Honourable Ronald Adair under most unusual and inexplicable circumstances The public has already learned those particulars of the crime which came out in the police investigation but a good deal was suppressed upon that occasion since the case for the prosecution was so overwhelmingly strong that it was not necessary to bring forward all the facts Only now at the end of nearly ten years am I allowed to supply those missing links which make up the whole of that remarkable chain The crime was of interest in itself but that interest was as nothing to me compared to the inconceivable sequel which afforded me the greatest shock and surprise of any event in my adventurous life Even now after this long interval I find myself thrilling as I think of it and feeling once more that sudden flood of joy amazement and incredulity which utterly submerged my mind Let me say to that public which has shown some interest in those glimpses which I have occasionally given them of the thoughts and actions of a very remarkable man that they are not to blame me if I have not shared my knowledge with them for I should have considered it my first duty to have done so had I not been barred by a positive prohibition from his own lips which was only withdrawn upon the third of last month It can be imagined that my close intimacy with Sherlock Holmes had interested me deeply in crime and that after his disappearance I never failed to read with care the various problems which came before the public and I even attempted more than once for my own private satisfaction to employ his methods in their solution though with indifferent success There was none however which appealed to me like this tragedy of Ronald Adair As I read the evidence at the inquest which led up to a verdict of wilful murder against some person or persons unknown I realised more clearly than I had ever done the loss which the community had sustained by the death of Sherlock Holmes There were points about this strange business which would I was sure have specially appealed to him and the efforts of the police would have been supplemented or more probably anticipated by the trained observation and the alert mind of the first criminal agent in Europe All day as I drove upon my round I turned over the case in my mind and found no explanation which appeared to me to be adequate At the risk of telling a twice told tale I will recapitulate the facts as they were known to the public at the conclusion of the inquest The Honourable Ronald Adair was the second son of the Earl of Maynooth at that time Governor of one of the Australian Colonies Adair's mother had returned from Australia to undergo the operation for cataract and she her son Ronald and her daughter Hilda were living together at 427 Park Lane The youth moved in the best society had so far as was known no enemies and no particular vices He had been engaged to Miss Edith Woodley of Carstairs but the engagement had been broken off by mutual consent some months before and there was no sign that it had left any very profound feeling

behind it For the rest the man s life moved in a narrow and conventional circle for his habits were quiet and his nature unemotional
