Obama* Webster Griffin Tarpley, 2008. Written by the author of the legendary 1992 expose of Bush the elder, this book works from a New Deal point of view. Obama is exposed as a foundation operative and agent of Wall Street finance capital controlled by Zbigniew Brzezinski, George Soros, and Goldman Sachs. Obama's mother was an official of the Ford Foundation, the World Bank, and US AID. By all indications, Obama was identified for future political use by Brzezinski at Columbia in 1981-1983 during Obama's secret lost years. Obama has worked for the Gamaliel Foundation, the Joyce Foundation, the Woods Fund, and the Annenberg Foundation as a community organizer, a poverty pimp, a cynical opportunist who uses suffering people as a political commodity. The foundation strategy is divide and conquer, pitting blacks against whites, against Hispanics, against Asians, to prevent any challenge to Wall Street. Racist provocateurs like Wright and Pfleger, along with Weatherman terrorist bombers Ayers and Dohrn, Obama's best friends, are cast in this mold. Rezko, Auchin, and Al Sammarrae represent the cesspool of Chicago graft and corruption in which Obama cavorts. Schooled in Nietzsche and Fanon, Obama qualifies as a postmodern fascist. An Obama administration would strive for brutal economic sacrifice and austerity to finance Wall Street bailouts and for imperialist confrontation with Russia and China. **Business 2.0**, 2003 **The Wall Street Journal**, 2007 *Chicago Tribune Index*, 2008 QuickValue: Discover Your Value and Empower Your Business in Three Easy Steps Reed Phillips, 2021-11-30. Gain the competitive edge by conducting a valuation of your company every year quickly, accurately, and inexpensively. Business leaders who know their company's value at any given moment are more likely to seize the competitive edge, especially these days when adding digital capabilities can dramatically affect value. But most businesses drop the ball because traditional valuation is complex, time-consuming, and expensive. Not anymore. Reed Phillips, Chairman of Oaklins International, one of the world's largest mid-market M&A firms, lays out a straightforward method for gaining a clear understanding of your company's current value in a fraction of the time and at a fraction of the cost of traditional methods. He walks you through three easy steps: Identify the key value drivers behind the company's value and rate them to develop a Value Driver Score; Perform a careful examination of comparable businesses, including their market rate multiples for revenue and EBITDA; Put the results together to determine the value of the business. QuickValue provides a clear, reliable way to determine your business's value in real time, transforming valuation from a reactive, defensive burden into an active, indispensable part of daily operations. Whether you're an entrepreneur, owner, executive, consultant, accountant, or M&A advisor, QuickValue provides the method you need to know the value of any company at any time. **Computers** Floyd Fuller, Brian
