Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy's successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When The Meritocracy Trap reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the American people *Aviation Week, Including Space Technology*, 1929 Includes a mid December issue called Buyer guide edition *The Yale Alumni Weekly*, 1909 **The Michigan Journal**, 2012 New York Magazine, 1982-08-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Yale Alumni Weekly**, 1908 *The Times Good University Guide* 2005 John O'Leary, Andrew Hindmarsh, Bernard Kingston, 2004-06 How do you find the best university for the subject you wish to study You need a guide that evaluates the quality of what is available giving facts figures and comparative assessments of universities Since 1992 The Times has produced the most widely respected and used university league tables The Guide takes the key measures of quality as its focus so you can make informed choices of university and subjects Still unique and still controversial the rankings provide hard data analysed interpreted and presented by a team of experts The 2005 edition of the best selling Good University Guide has been further extended now offering Unique league table ranking to Britain's universities which enables readers to assess strengths and weaknesses of each university on how to select a course and a university Details of government changes to higher education Guidance on how to apply and pay your way through university Advice on finding and paying for accommodation while you are there Two pages of information on each
