The Disruption Dilemma Joshua Gans, 2017-04-21 An expert in management takes on the conventional wisdom about disruption looking at companies that proved resilient and offering managers tools for survival Disruption is a business buzzword that has gotten out of control Today everything and everyone seem to be characterized as disruptive or if they aren't disruptive yet it's only a matter of time before they become so In this book Joshua Gans cuts through the chatter to focus on disruption in its initial use as a business term identifying new ways to understand it and suggesting new tools to manage it Almost twenty years ago Clayton Christensen popularized the term in his book *The Innovator's Dilemma* writing of disruption as a set of risks that established firms face Since then few have closely examined his account Gans does so in this book He looks at companies that have proven resilient and those that have fallen and explains why some companies have successfully managed disruption Fujifilm and Canon for example and why some like Blockbuster and Encyclopedia Britannica have not Departing from the conventional wisdom Gans identifies two kinds of disruption demand side when successful firms focus on their main customers and underestimate market entrants with innovations that target niche demands and supply side when firms focused on developing existing competencies become incapable of developing new ones Gans describes the full range of actions business leaders can take to deal with each type of disruption from self disrupting independent internal units to tightly integrated product development But therein lies the disruption dilemma A firm cannot practice both independence and integration at once Gans shows business leaders how to choose their strategy so their firms can deal with disruption while continuing to innovate

iPod and iTunes For Dummies Tony Bove, 2011-12-27 Looks at the basics of using a Mac covering such topics as the desktop working with files and folders using Pages playing movies organizing photos playing music browsing the Internet and computer security
