Beyond the Screen Frank A. Aycock, 2025-11-26 Written in an accessible style, this book explores the complex future of television across its different industries, providing professional producers with key insights and pathways to adapt and prepare. By exploring traditional media industries and how they have come to make up today's streaming and broadcasting media world, the text provides a detailed discussion of the future of systems programming and television viewing. This includes a wide range of topics such as internet protocol television (IPTV), set-top boxes (STBs), ATSC 3.0, virtual reality (VR), holographic television, and artificial intelligence (AI), as well as other cutting-edge technologies. Additionally, this book examines the future of content monetization by exploring the new and sometimes controversial ways of advertising, product placement, and search and promotion that will be required to be financially successful in this future television environment. *Beyond the Screen* is an indispensable addition to the library of every television professional, academic student, and television viewer who wants to know where this fascinating world of television is heading and what it will take to be successful within it.

Learning styles: a narrative approach Armando Lozano Rodríguez, 2015-02-25 There are some theories in the field of learning styles that have appeared in specialized literature in the last fifty years. Through a refreshing narrative exploration, Armando Lozano goes beyond the limits of the theory to express practical applications which many educators and parents would like to know about the different ways in which people learn. Peppered with anecdotic capsules, the content takes the reader to a real and feasible universe of the daily life. From the points of view of a principal, a professor, a professional, a researcher, and others, the book presents the practical application of the different theories of learning styles.

Menglim Ian Cosgrove, 2015-05-23 Menglim Phoy is an exceptional young man from a poor family. His mother, ignoring the taunts of their equally poor neighbours, encouraged her children to fulfill their potential rather than work the land. Now 23, Menglim is at a Russian university progressing toward a Masters degree in Civil Engineering. As his sponsor, I decided now was an opportune time to record our recent conversations as something to look back on when he has made his mark in the world of Unique Building and Design.
