Gardner, 2019-07-03 Greg J Gardner brings to life the darkest terror attack America has ever faced when a small enclave of Islamic extremists works to bring about the collapse of the American ideal Gripping engrossing and graphic without being grotesque the story follows a small but well trained group of terrorists who attack busy shopping centers and grocery stores during the height of holiday shopping and the busiest day of the year Black Friday From the bloody front line to the CNN news desk and from California to the Oval Office Black Friday details the attack from the moment it begins in the small town of Boone North Carolina Simultaneously in several states jihadist teams open fire on shoppers with semiautomatic weapons killing thousands in minutes As America reels from this attack another begins Hell bent on the destruction of America and willing to give their lives the terrorists will stop at nothing to kill as many innocent people as possible dividing

America in the process and turning neighbor against neighbor As race and religious differences threaten to push the country apart the American people must fight to overcome differences and band together to conquer a common enemy While it augurs an effect on the United States more eerie than a prolonged nightmare Black Friday sets forth in convincing detail what a small enclave of Islamic extremists could do to bring about the collapse of the American ideal Indeed in this breakout novel by Greg Gardner a cadre of terrorists brings about a transformation in this country that no one now anticipates And yet Gardner s narrative of unfolding horrors is neither a condemnation of Islam nor anthem to America s virtues It is a play by play through a harrowing month in the tribulation of ordinary people who comprise the bedrock of America during the course of a continuing nationwide atrocity Gripping engrossing and graphic without being grotesque I can argue that Black Friday is precisely what would happen from the White House to the newsrooms across the continent to the back roads around every town when a few dozen well trained well coordinated and determined fanatics do what in their perverse minds God demands of them David A Woodbury author of Tales to Warm Your Mind Ten Whimsically Morbid Short Stories The Clover Street News Fire Wind Yesterday A Tale of Ukraine and Khazaria and Babie Nayms Baby Names **Black Friday Volume 1** Noah AJ Wright,2010-04-01 All it takes is one murder to change a million lives and that s exactly what happens to Kasheef Williams on a cold black Friday After a reunion with an old friend goes wrong in a Long Island night club Kasheef is forced to protect himself by any means necessary The only problem is that prying eyes see everything Those eyes belong to Alija Bell After walking in on a situation she was never meant to see she runs but Kasheef sees her face and he tells her that it s best for her to get temporary amnesia Afraid for her life and the safety of her daughter she keeps her mouth shut but when a tape of the murder surfaces the only face that s visible is Alija s Now the police are looking for their eye witness and Kasheef has to get to Alija before her day comes to testify against him in court In this dramatic hood savvy tale things aren t always as they seem Somebody holds the ticket to the jury s verdict Lies and truth collide Everyone has a different angle but the only question is who has the most influence over Kasheef s fate **Google Marketing Platform Certification: 350 Practice Questions & Detailed Explanations** CloudRoar Consulting Services,2025-08-15
