The Hacking of the American Mind Robert H. Lustig, 2018-09-18 Explores how industry has manipulated our most deep seated survival instincts David Perlmutter MD Author 1 New York Times bestseller Grain Brain and Brain Maker The New York Times bestselling author of Fat Chance reveals the corporate scheme to sell pleasure driving the international epidemic of addiction depression and chronic disease While researching the toxic and addictive properties of sugar for his New York Times bestseller Fat Chance Robert Lustig made an alarming discovery our pursuit of happiness is being subverted by a culture of addiction and depression from which we may never recover Dopamine is the reward neurotransmitter that tells our brains we want more yet every substance or behavior that releases dopamine in the extreme leads to addiction Serotonin is the contentment neurotransmitter that tells our brains we don't need any more yet its deficiency leads to depression Ideally both are in optimal supply Yet dopamine evolved to overwhelm serotonin because our ancestors were more likely to survive if they were constantly motivated with the result that constant desire can chemically destroy our ability to feel happiness while sending us down the slippery slope to addiction In the last forty years government legislation and subsidies have promoted ever available temptation sugar drugs social media porn combined with constant stress work home money Internet with the end result of an unprecedented epidemic of addiction anxiety depression and chronic disease And with the advent of neuromarketing corporate America has successfully imprisoned us in an endless loop of desire and consumption from which there is no obvious escape With his customary wit and incisiveness Lustig not only reveals the science that drives these states of mind he points his finger directly at the corporations that helped create this mess and the government actors who facilitated it and he offers solutions we can all use in the pursuit of happiness even in the face of overwhelming opposition Always fearless and provocative Lustig marshals a call to action with seminal implications for our health our well being and our culture

iParent Neha J Hiranandani, 2024-02-05 Born into a digital wonderland our children are practically mini hackers right from the crib Most of them were handed a device before they could walk they clicked before they took their first bite and scrolled before they said their first words But living online is a giant uncontrolled experiment Cyberbullying Internet addiction body dysmorphia and other digital villains lurk in the shadows How can parents ensure their kids navigate the digital world safely when there's no rulebook Neha J Hiranandani's *iParent* comes to the rescue This book decodes India's app generation and elevates the discussion beyond these kids and their phones Based on research candid conversations and personal reflection this timely book is a witty meditation on parenting in a digital world Hilarious and informative in equal measure *iParent* empowers you to connect with the new generation and guide them to cyber safety without being a helicopter parent No judgement no preaching
