Sinister Forces: A Grimoire of American Political Witchcraft Peter Levenda, 2026-02-17 Discover the book that inspired Tom DeLonge's new sci-fi epic *Time Rider*. Peter Levenda's *Sinister Forces* returns in a special Twentieth Anniversary Deluxe Edition uniting all three chilling volumes in one collector's release exclusively from *To The Stars In*. *Sinister Forces* Levenda uncovers hidden threads of American history from military experimentation to political assassination, occult ideology to psychological manipulation and weaves them together to show how the United States has been shaped by dark, irrational and often invisible forces. His work the result of over twenty years of research across more than forty countries explores the relationship of intelligence agencies with mysticism and mind control e.g. the CIA's MK ULTRA program dives into the dark networks behind political violence from Nazi occultism to the ritualistic assassinations of transformational leaders JFK, RFK, MLK and Malcolm X and reveals how cultural chaos, covert manipulation and symbolic ritualistic violence by the likes of the Manson family and the mysterious Nine are used to reshape public consciousness. Levenda shows how themes of initiation, sacrifice, transformation and concealment recur like ritual throughout American history. He goes beyond official narratives and common conspiracies to confront the possibility that beneath the surface of history there lies a kind of symbolic logic where trauma is ritualized, power is mythologized and repetition becomes a form of control. *Sinister Forces* challenges readers to become more conscious, to think critically, investigate deeply and reclaim our understanding of history from the shadows. *The Nine* Peter Levenda, 2004-09 The roots of coincidence and conspiracy in American politics, crime and culture are examined in this book exposing new connections between religion, political conspiracy and occultism. Readers are taken from ancient American civilization and the mysterious mound builder culture to the Salem witch trials, the birth of Mormonism during a ritual of ceremonial magic by Joseph Smith Jr and *Operations Paperclip* and *Bluebird*. Not a work of speculative history, this exposé is founded on primary source material and historical documents. Fascinating details are revealed including the bizarre world of wandering bishops who appear throughout the Kennedy assassinations, a CIA mind control program run amok in the United States and Canada, a famous American spiritual leader who had ties to Lee Harvey Oswald in the weeks and months leading up to the assassination of President Kennedy and the Manson secret. **Sinister Forces** Peter Levenda, 2011 **Sinister Forces--A Warm Gun** Peter Levenda, 2011 The roots of coincidence and conspiracy in American politics, crime and culture are investigated in this second volume of a three-part set that exposes new connections between religion, political conspiracy, terrorism and occultism. Not a work of speculative history, this exposé is founded on primary source material and historical documents and provides strange parallels between supernatural forces such as shamanism, ritual magic and cult practices and contemporary interrogation techniques such as those used by the CIA under the general rubric of MK ULTRA. Fascinating details on Nixon and the Dark Tower, the Assassin cult and more recent Islamic terrorism and the bizarre themes that run through American history from its discovery

by Columbus to the political assassinations of the 1960s are revealed **Sinister Forces--The Nine** Peter Levenda,2011
