A Guide to Federal Terms and Acronyms Don Philpott, 2017-12-20 Navigating government documents is a task that requires considerable knowledge of specialized terms and acronyms This required knowledge nearly amounts to knowing a completely different language To those who are not fluent the task can be overwhelming as federal departments fill their documents with acronyms abbreviations and terms that mean little or nothing to the outsider Would you be able to make sense of a document that described how the COTR reports to the CO regarding compliance with FAR GPRA SARA and FASA This is a common procedure in government contracting Would you have any clue what was being referred to if you came across MIL STD 129P It is the new standard for Military Shipping Label Requirements The sheer number of such terms makes mastering them nearly impossible But now these terms and their definitions are within reach This new edition of *A Guide to Federal Terms and Acronyms* presents a glossary of key definitions used by the federal government It is updated to include new acronyms and terminology from various federal government departments It covers the most common terms acronyms and abbreviations used by each major agency presenting definitions and explanations in a user friendly and accessible way This is an essential tool for anyone who works with federal government information

Improving the Student Experience Michelle Morgan, 2013-06-17 The landscape of higher education HE has dramatically altered in the past 30 years and it continues to evolve and change More students are entering HE and attending university or college on a global scale than ever before Supporting and enhancing the undergraduate student experience across the student lifecycle from first contact through to alumni is a critical activity in higher education today not only to aid retention and progression but in a highly competitive HE market the quality of the student experience is pivotal to an institution s ability to attract students The student experience encompasses all aspects of student life i e academic social welfare with the academic

imperative at the heart of it However the increasing costs of delivering HE a reduction in government state funding and constraints on resources means delivering a quality student experience has never been more challenging for those working in HE Staff at all levels and across all areas within an institution are developing and implementing initiatives to improve and enhance the student experience whether they are at the coal face or on the periphery thus making them a Practitioner in the student experience This could include the admissions administrator improving the information available for potential applicants the academic improving his her feedback to students or central welfare departments ensuring that their services are being advertised and supported within a student s home unit faculty department school course In this book the Editor Michelle Morgan describes how her new student experience Practitioner Model provides an organised and more detailed structure guiding Practitioners in the identification of what they have to deliver who they need to deliver it to and when they need to deliver it across her six key stages of the student lifecycle First Contact and Admissions Pre arrival Arrival and Orientation Induction to Study Reorientation and Reinduction Returners Induction Outduction preparation for life after undergraduate study The Practitioner Model offers a new way of thinking in terms of delivering interlinked academic welfare and support activities at the home unit and university level to support the student in their university journey This book also provides working solutions to real problems in the form of exemplar case studies from the UK and internationally including chapters from Liz Thomas Di Nutt Marcia Ody Chris Keenan UK Mary Stuart Hunter USA Kerri Lee Krause and Duncan Nulty Australia Good practice must be adaptable and transferable because one size does not fit all It must also be cost effective And here the authors shows how practitioners can adapt and customise the 40 case studies presented to help them not only improve and enhance the experience of their undergraduate students in their own institution both full and part time but also to support their students progression and retention
