Personal Devils Intimate Demons:

Demon Possession John Warwick Montgomery, 2018-01-26 In January of 1975 the Christian Medical Association gathered to deliver papers on the subject of demon possession The essayists are Christians affiliated with a variety of academic institutions The essays themselves explore the phenomena of the demonic in the Bible in literature on the mission field in anthropology legal history and psychiatric treatment All of the participants accept the reality of the demonic but they are circumspect in their scholarship If you are looking for a more substantial treatment than what you might find in popular booklets on the subject or on the fiction aisle this is it never before or since this symposium has there been a focused study of this magnitude on demon possession

The Preacher's Demons Franco Mormando, 1999-05 When the city was filled with these bonfires he then combed the city and whenever he received notice of some public sodomite he had him immediately seized and thrown into the nearest bonfire at hand and had him burned immediately This story of an anonymous individual who sought to cleanse medieval Paris was part of a sermon delivered in Siena Italy in 1427 The speaker the friar Bernardino 1380 1444 was one of the most important public figures of the time and he spent forty years combing the towns of Italy instructing admonishing and entertaining the crowds that gathered in prodigious numbers to hear his sermons His story of the Parisian vigilante was a recommendation Sexual deviants were the objects of relentless unconditional persecution in Bernardino's sermons Other targets of the preacher's venom were witches Jews and heretics Mormando takes us into the social underworld of early Renaissance Italy to discover how one enormously influential figure helped to dramatically increase fear hatred and intolerance for those on society's margins This book is the first on Bernardino to appear in thirty five years and the first ever to consider the preacher's inflammatory role in Renaissance social issues

Personal Devils Intimate Demons Ronald Martin Wade, 2007-02-01 This kaleidoscopic collection of horror and humor comprises tales of slaving monsters as well as equally menacing demons lurking within the human breast The narratives come from the worlds of imagination and reality with candor grotesqueness and unexpected hilarity

Justice and Mercy Marion Daniel Shutter, 1894 *Graham Greene* Robert O. Evans, 2021-05-11 This collection of fourteen essays by American and English scholars many of them hitherto unpublished and all of them selected with a view to avoiding the duplication of essays already familiar and available offers new testimony of the range and accomplishments of Graham Greene's talent The essays vary from considerations of general topics to critical analyses of single novels from a discussion of Greene as a writer of Christian tragedy to a witty irreverent assessment of *The Power and the Glory* The authors here are chiefly concerned with the novels though frequent allusions reveal something of the nature and importance of the entertainments and the travel books A number of the essayists focus upon Greene's commitment to the Roman Catholic faith and the definition it has given to his work As a writer he is shown to be preoccupied with a dual vision of human frailty and of God's saving grace a vision found by some to assert sin to the point of virtual heresy though it never loses sight of that mercy which may catch up a soul

between the stirrup and the ground As one essay points out traces of this vision are to be found in Greene s earlier works as well as in his entertainments Greene s own particular bent as a Catholic writer is brought out by a comparison with Fracois Maruiac another essay is concerned with the tension that exists between the life of art and the life of sanctity Round out this presentation of Greene s accomplishments are discussions of his work in the dram the short story and as a motion picture critic Finally this collection is notable for its inclusion of the most comprehensive bibliography of Greene s work and the criticism of them yet published Graham Greene emerges from this composite judgment as a writer of consummate artistry who sees behind the fa ade the emptiness of a secular world

Demon Possession and Allied Themes John Livingston Nevius,1896 *The Divided Heroine* Hillel Matthew Daleski,1984 *The Unitarian* Jabez Thomas Sunderland,Brooke Herford,Frederick B. Mott,1893

The Intimate Stranger Julian W. Connolly,2001 The Intimate Stranger provides the first detailed investigation of a distinctive literary phenomenon a fascination with demons and devils in nineteenth century Russian literature Nearly all of the major authors of the period Pushkin Gogol Lermontov Dostoevsky and Tolstoy used images of devils to explore issues of human temptation sin and guilt in a troubled world Asking fundamental questions where does evil come from when does it appear in characters lives these writers created a remarkable array of demonic figures ranging from grotesque demons to handsome nihilists This book discusses the various literary religious and folkloric factors that influenced the representation of the demonic and it investigates the profound soul shattering effects that a personal encounter with the demonic may have on an individual s life

Changing the Way You Think Sheldon Malone,2015-12-30 It was during an isolated tour of military duty that the author Sheldon Malone was led to compile these devotionals written over the years into a one year devotional book designed to encourage readers to look at Gods Word from a whole new perspective by changing the way they thought It was not until he changed his thinking that he truly began to see the transforming power of God manifested in his life in tangible ways This is precisely why we have to allow God to expand our territory and horizon by permitting Him to change the way we think through His Word As you read each devotional this authors prayer is that you will find strength and encouragement to allow God to propel you into higher heights and deeper depths in the things of the Kingdom The Word of God may just give you a different perspective as it encourages you to change your thinking in order to achieve a new mindset
