People That Buy Collector Swords And Battle Axes:

The Art Collector Alfred Trumble, 1893 *THE WHISTLE-BLOWER ON CORRUPT SCIENCE* P.S.J. (Peet)

Schutte, 2012-12-14 *The Whistle Blower on Corrupt Science* Science went corrupt the day Edmund Halley in 1705 told the world he used the physics formula of his friend Isaac Newton to calculate the route that Halley's comet took and the time it would arrive. This was where science went crooked a position that went on ever since because that same dishonesty is still present in Newtonian science. Halley calculated the time periods since 1066 at the battle of Hastings and found a comet was mentioned every seventy six years. This was very ordinary for a man of his class so he had to get far cleverer than backdate history to get a time frame. So he really got clever and conspired with the biggest fraud in science ever since the man that stole all the physics. Doctor Hooks invented the man who even got Kepler figures wrong the man called Isaac Newton. Halley said he used the formula of Newton to calculate the route the comet took. This says he used mass to calculate how the comet came to the sun. According to Newton's science the sun's mass pulled the comet and the comet's mass pulled right back and in this way the comet came to the sun. I don't go into the comet as such in this book but I do in other books. In this book I show how Newtonian science started to go corrupt in 1705 with one conspiracy to cheat and became the corrupt myth it now developed into. How do I know Halley did not use the mass pull mass idea. It is because if he did so then how did he calculate that the comet was cyclic or that it returns every seventy six years. If mass pulled the comet to the sun what then pushed to comet back into outer space. His big ambition was to prove the comet comes and goes but if mass makes the comet come what pushes the comet back. You know what is the biggest fraud that came to be called Newtonian science. The most brilliant minds on earth this past three hundred years failed to ask this simple question if mass pulls the comet closer what pushes the comet away. If mass forms the force of pulling and pulled the comet closer then what pushed the comet back into the darkness of the beyond. How did he know the mass of Halley's comet. Nobody then asked questions. No one asks uneasy question except me. I show the fake science we have. Newton and Halley got away with corrupt science. If you wish to prove wrong I challenge you to prove that Newton is correct. Today just like it was and keeping the trend go on modern Newtonians gets away with even more corrupt science than anyone can imagine. **Revealing Corrupt Science** Peet

Schutte, 2012-09-25 *Revealing Corrupt Science* I spent a lifetime uncovering information science hides for centuries. My approach to science is revealing to the point and new. It is your choice which you wish to read to get the same ideas about a new approach to stars galaxies and the Universe. Read how the cosmos works when using the formula Kepler gave us. In these books I make a financially rewarding offer of investment to prospective investors. From where I stand my work is too big or I am too small to bring about the awareness I have to provoke to allow change in science to come about. I need your help to get my work advertised so that people can see what my work entails. In this there are 4 identical books namely *To Inform*, *To Reveal* and *To Expose* and *Uncovering*. The 1 is better developed than the other or the 1 is less informing than the other. The
