New Dark Age James Bridle, 2019-05-21 *New Dark Age* is among the most unsettling and illuminating books I've read about the Internet which is to say that it is among the most unsettling and illuminating books I've read about contemporary life *New Yorker* As the world around us increases in technological complexity our understanding of it diminishes Underlying this trend is a single idea the belief that our existence is understandable through computation and more data is enough to help us build a better world In reality we are lost in a sea of information increasingly divided by fundamentalism simplistic narratives conspiracy theories and post factual politics Meanwhile those in power use our lack of understanding to further their own interests Despite the apparent accessibility of information we're living in a new Dark Age From rogue financial systems to shopping algorithms from artificial intelligence to state secrecy we no longer understand how our world is governed or presented to us The media is filled with unverifiable speculation much of it generated by anonymous software while companies dominate their employees through surveillance and the threat of automation In his brilliant new work leading artist and writer James Bridle surveys the history of art technology and information systems and reveals the dark clouds that gather over our dreams of the digital sublime *Peppa Pig: Peppa Goes Swimming* Peppa Pig, 2020-01-23 Peppa and George are at the swimming pool It's George's first time and he feels a little nervous but with some help from Mummy and Daddy Pig soon George is splashing around in the water This Peppa Pig adventure is perfect for children learning to swim and for little ones visiting the swimming pool for the first time *Current Issues in Second/Foreign Language Teaching and Teacher Development* Thomai Alexiou, Christina Gitsaki, 2016-01-14 *Current Issues in Second Foreign Language Teaching and Teacher Development* Research and Practice represents a collection of selected papers from the 17th World Congress of the International Association of Applied Linguistics AILA which was held in August 2014 in Brisbane Australia The volume comprises 18 chapters presenting current research projects and discussing issues related to second language acquisition teaching and teacher education in a variety of contexts from around the world This collection of research papers will be of use to both new and seasoned researchers in the field of applied linguistics Teacher educators language teachers and language policy makers will find this volume equally useful as the papers address current issues in language education **The Social Media Age** Zoetanya Sujon, 2021-04-07 Exploring power and participation in a connected world Social media are all around us For many they are the first things to look at upon waking and the last thing to do before sleeping Integrated seamlessly into our private and public lives they entertain inform connect and sometimes disconnect us They're more than just social though In addition to our experiences as everyday users understanding social media also means asking questions about our society our culture and our economy What we find is dense connections between platform infrastructures and our experience of the social shaped by power shifting patterns of participation and a widening ideology of connection This book introduces and examines the full scope of social media From the social to the

technological from the everyday to platform industries from the personal to the political It brings together the key concepts theories and research necessary for making sense of the meanings and consequences of social media both hopefully and critically Dr Zoetanya Sujon is a Senior Lecturer and Programme Director for Communications and Media at London College of Communication University of the Arts London
