On the Translation of Swearing into Spanish Betlem Soler Pardo, 2015-06-18 Audiovisual translation has attracted the attention of many researchers in the years since it became recognised as an academic discipline with an established theory of translation. For its part, cinema is one of today's most powerful and influential media, and the vast number of US films translated for Spanish audiences merits particular academic attention. This book presents an analysis of the insults from seven films directed by the North American filmmaker Quentin Tarantino: *Reservoir Dogs*, *Pulp Fiction*, *Four Rooms*, *Jackie Brown*, *Kill Bill* vols I and II, *Death Proof* and *Inglourious Basterds*, and how these insults have been translated from English into Spanish. One of the main reasons for building a corpus of this nature was to document the way Tarantino's work is dubbed and using concrete examples to describe the reality of translation and provide linguistic material with which to study dubbing, the most widespread translation modality in Spain. In an analysis of this nature, Tarantino's films offer an interesting opportunity from a social perspective because of the exceptional number of insults they contain: 1526 insults have been recorded, classified and analysed in the preparation for this book. The magnitude of this figure is evidence of Tarantino's constant use of swearwords regardless of what his audiences might think and whether or not they might sometimes prefer not to hear such a steady stream of foul language. Furthermore, his popularity has been achieved precisely because he refuses to allow distribution companies to alter his dialogues in any way or modify the violence of his scenes, making Tarantino's films of particular interest to the reader. WIPO Magazine, Issue 2/2018 (April) (Spanish version) World Intellectual Property Organization, 2018-04-26 The WIPO Magazine explores intellectual property, creativity and innovation in action across the world.

The Spanish Literary Generation of 1968 William M. Sherzer, 2012-05-04 The Spanish Literary Generation of 1968. Jos María Guelbenzu, Lourdes Ortiz and Ana María Moix serve multiple purposes. Most importantly, it is an overview of an important moment in Spanish literary history that is connected to an extremely important moment in world history: 1968, as well as what that year represents in many countries such as France, Germany, Mexico and the United States. This text aims to show how young writers who were coming of age precisely at that moment incorporated into their novels the new ideas that they found in the writing of many foreign authors generally unknown to previous generations whose works were essential to their development. The author has focused on three authors who he feels are most representative of their generation and follows with a lengthy study of the critical reception they have received over time. Finally, in an appendix, one will find excerpts of an unpublished novel by Lourdes Ortiz and interviews with all three authors. It is hoped that this text, with its extensive bibliography, will serve as a valuable source for students and professors alike.

The Subversive Tradition in Spanish Renaissance Writing Antonio Pérez-Romero,2005 The seven texts in this cross section of fiction and nonfiction reveal a nation at the brink of modernity embracing revolutionary ideas and reeling in their explosive impact The opening chapters establish the theoretical framework for Perez Romero s analysis describing the intellectual and social environments of medieval Spain and tracing the developments in Spanish historical and literary scholarship that point to the existence of a new path of investigation Jacket *The "strange Girl" in Twentieth Century Spanish Novels Written by Women* Ellen Cecilia Mayock,2004 With an eye to the rather insular particular development and definition of feminism in Spain the author recognizes that the twentieth century has been a period of great change for peninsular women authors Her study of the creative compromises wrought by severe oppression followed by relative liberation all within the context of Spain s specific religious and regional influences illustrates the unique positioning of these women writers as shown through their female characters While this is reflection of the current scholarship in Women s Studies examining the feminist resonance of the construction of female identity through texts written by women about women it is one that is in its first stages of development in Spanish criticism and has been primarily author specific Ellen C Mayock s research provides a more panoramic view so to speak facilitating an overview of progression between trends as opposed to a singular progression of a single author within the context of era a very positive move that allows for full comprehension
