Writers' Handbook 2026 J. Paul Dyson, 2025-07-10 The 2026 edition of firstwriter.com's annual directory for writers is the perfect book for anyone searching for literary agents, book publishers or magazines. It contains over 1,400 listings including revised and updated listings from the 2025 edition and over 200 brand new entries. Finding the information you need is now quicker and easier than ever before with multiple tables and a detailed index and unique paragraph numbers to help you get to the listings you're looking for. The variety of tables helps you navigate the listings in different ways and includes a Table of Authors which lists over 5,000 authors and tells you who represents them or who publishes them or both. The number of genres in the index has expanded to over 950. So for example, while there was only one option for Romance in previous editions, you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance or even Amish Romance. The new edition includes Over 600 literary agents and agencies, Over 350 magazines and Over 400 publishers that don't charge fees. International markets become more accessible than ever with listings that cover both the main publishing centres of New York and London as well as markets in other English speaking countries. With more and more agents, publishers and magazines accepting submissions online, this international outlook is now more important than ever. There are no adverts, no advertorials and no obscure listings padding out hundreds of pages. By including only what's important to writers, contact details for literary agents, publishers and magazines, this directory is able to provide more listings than its competitors at a lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2027. This means you can get free access to the firstwriter.com website where you can find even more listings and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions, listings, searchable personal notes and more. I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now. Robin Wade, literary agent at the Wade Doherty Literary Agency Ltd and long term firstwriter.com subscriber.

Inheritance of Scars Crystal Seitz, 2025-10-07 Belladonna meets Norse mythology in this sinuous dark fantasy. School Library Journal that follows a teen who accidentally awakens an imprisoned draugr and must follow him into a deadly magical forest to rescue her grandmother. Never go beyond the stave church. Within Tiveden Forest, bloodthirsty monsters known as draugr lurk behind every tree and secrets run through the soil like twisted roots. When her grandmother vanishes into the forest, Astrid won't let Crohn's disease get in the way of finding her. But in searching for her lost loved one, Astrid soon uncovers an even greater mystery. A conflict that's haunted her village and family for generations. An ancient blood oath her ancestor made to protect them. A deadly draugr imprisoned for centuries who Astrid accidentally awakens. Newly revived Soren first mistakes Astrid for her ancestor, his ex-lover turned

enemy Astrid can't tell if he would rather kill her or kiss her. But Soren knows the forest better than anyone and Astrid quickly realizes that she'll need his help to rescue her grandmother. The deeper they venture into Tiveden the closer Astrid gets to the cold alluring Soren and the truth behind her grandmother's disappearance. To save her home a dark ritual must be performed before Midwinter and only Astrid can fulfill her ancestor's blood oath or break it. That is if Soren or the forest doesn't break Astrid first. Poets & Writers, 1999 How To Write Amazing Cover Letters The Hyperink

Team, 2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it. Cover letters were once just an after thought something most people used to simply regurgitate their resumes. In fact it wasn't until the last decade that cover letters gained wide acceptance and importance. Today not only is the cover letter just as important as a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws it in the trash. But how do you write the kind of amazing cover letter that will get you in the door? How can you create a narrative of your professional experience that makes the HR person sit up and take notice? The key is knowing how to present yourself. It does not matter if you've spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you. MEET THE AUTHOR The Hyperink Team works hard to bring you high quality engaging fun content. If ever you have any questions about our products or suggestions for how we can make them better please don't hesitate to contact us. Happy reading. EXCERPT FROM THE BOOK You've probably figured out a few mistakes to avoid already but you'd probably be surprised at what many employers are turned off by when reading cover letters. Lack of proofreading. This is a no brainer but many people often miss them or don't bother to spell check before sending out the cover letter and resume. It's always a good idea to ask a friend or family member to check your letter for spelling errors and typos to give you a fresh perspective. Not including the name of the hiring manager. If you don't know who is going to read your cover letter and resume try to find out. When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately. Not writing to an audience. Focus each letter on each employer. According to Career Builder 44 percent of executives polled said it's common for applicants to use their cover letters to show they've learned more about the job. Doing so can give you an edge against the competition. Failing to sell yourself. If you undersell your skills and qualifications you won't make an impression on the reader. Don't just talk about your accomplishments give concrete examples. Regurgitating the resume. Cover letters weren't meant as a tool to repeat everything that's in your resume. It's a tool to build on it and an opportunity to correlate your experience with the job you're applying for. Include any training classes awards and recognition you've received in the past that might give you an edge over the competition. Buy a copy to keep reading. **Cover Letters that Blow Doors Open** Anne McKinney, 1999 Designed as the comprehensive guide to cover letter preparation the 272 page book shows examples of exciting and door opening cover letters.
