Youtube Venmo Review:

More than a Glitch Meredith Broussard, 2023-03-14 When technology reinforces inequality it's not just a glitch it's a signal that we need to redesign our systems to create a more equitable world The word glitch implies an incidental error as easy to patch up as it is to identify But what if racism sexism and ableism aren't just bugs in mostly functional machinery what if they're coded into the system itself In the vein of heavy hitters such as Safiya Umoja Noble Cathy O'Neil and Ruha Benjamin Meredith Broussard demonstrates in More Than a Glitch how neutrality in tech is a myth and why algorithms need to be held accountable Broussard a data scientist and one of the few Black female researchers in artificial intelligence masterfully synthesizes concepts from computer science and sociology She explores a range of examples from facial recognition technology trained only to recognize lighter skin tones to mortgage approval algorithms that encourage discriminatory lending to the dangerous feedback loops that arise when medical diagnostic algorithms are trained on insufficiently diverse data Even when such technologies are designed with good intentions Broussard shows fallible humans develop programs that can result in devastating consequences Broussard argues that the solution isn't to make omnipresent tech more inclusive but to root out the algorithms that target certain demographics as other to begin with With sweeping implications for fields ranging from jurisprudence to medicine the ground breaking insights of More Than a Glitch are essential reading for anyone invested in building a more equitable future

Handbook of Media Economics, vol 1B

Simon P. Anderson, Joel Waldfogel, David Stromberg, 2016-01-29 Handbook of Media Economics provides valuable information on a unique field that has its own theories evidence and policies Understanding the media is important for society and while new technologies are altering the media they are also affecting our understanding of their economics The book spans the large scope of media economics simultaneously offering in depth analysis of particular topics including the economics of why media are important how media work including financing sources institutional settings and regulation what determines media content including media bias and the effects of new technologies The book provides a powerful introduction for those interested in starting research in media economics Helps academic and non academic economists understand recent rapid changes in theoretical and empirical advances in structural empirical methods and in the media industry's connection with the democratic process Presents the only detailed summary of media economics that emphasizes political economy merger policy and competition policy Pays special attention to the economic influences of the Internet including developments in social media user generated content and advertising as well as the Internet's effects on newspapers radio and television

Handbook of Media Economics Simon P. Anderson, Joel Waldfogel, David Stromberg, 2015-11-17 Handbook of Media Economics provides valuable information on a unique field that has its own theories evidence and policies Understanding the media is important for society and while new technologies are altering the media they are also affecting our understanding of their economics Chapters span the large scope of media economics simultaneously offering in depth analysis of particular

topics including the economics of why media are important how media work including financing sources institutional settings and regulation what determines media content including media bias and the effects of new technologies The volumes provide a powerful introduction for those interested in starting research in media economics Helps academic and non academic economists understand recent rapid changes in theoretical and empirical advances in structural empirical methods and in the media industry s connection with the democratic process Presents the only detailed summary of media economics that emphasizes political economy merger policy and competition policy Pays special attention to the economic influences of the Internet including developments in social media user generated content and advertising as well as the Internet s effects on newspapers radio and television *Michigan Law Review* ,2018 *Introduction to Forensic Psychology* Curt R. Bartol, Anne M. Bartol, 2025-01-09 Written by authors with extensive experience in both the field and classroom *Introduction to Forensic Psychology Research and Application Seventh Edition* equips students with the skills to analyze psychological knowledge and research findings applying them effectively to both civil and criminal justice systems The text is structured to cover five vital areas law enforcement and investigative psychology legal psychology criminal psychology victimology and victim services and correctional psychology while also addressing emerging technologies such as facial recognition and artificial intelligence Moreover it emphasizes an essential multicultural perspective underscoring the need for sensitivity to ethnic gender cultural and racial dynamics preparing students to navigate the diverse challenges they will encounter in their professional careers

The Unhackable Internet Thomas P. Vartanian,2023-02-15 Like most aspects of modern existence more and more of our financial lives have migrated to the digital realm With the benefits of ease that our Internet allows us that transition also raises numerous and dangerous threats to national security our money and the systems we use to store and transfer it In TheUnhackable Internet financial services and technology expert Thomas P Vartanian exposes the vulnerabilities of the many networks that we rely on today as well as the threats facing the integrity of our national security and financial services sector From cyberattacks by foreign adversaries like China and Russia the explosion of cryptocurrency the advancement of ransomware phishing surveillance apps spying software and logic bombs along with the increasing savvy and daring shown by Internet hackers the next financial panic is likely to be delivered to us through use or abuse of technology The Unhackable Internet describes how society can remake an Internet that was never conceived as a secure environment and badly tainted by the original sin of substandard coding Vartanian argues for increasing the use of private and offline network infrastructures controlling the ownership of Internet infrastructure and imposing enhanced authentication governance and enforcement standards This online universe would look more like our analog lives authenticating all digital traffic to a real person and removing any virtual traveler that violated the new rules of the road The Unhackable Internet poses a challenge to America take the lead and create a coalition of democratic nations to implement financial cyber strategies or be left with

no counterweight short of military power to respond to those who weaponize technology This comprehensive and compelling book makes it clear that nothing less than the control of global economies is up for grabs and that how we use technology is our choice

The Woke Plague Conrad Riker, Tired of Being Silenced Shamed and Stripped of Your Rights This Book Is Your Revolt Are you exhausted by a society that vilifies your biology taxes your labor and calls your strength toxic Sick of legal systems rigged to bankrupt you erase your fatherhood and reward female exploitation Watched masculinity become a crime while civilization crumbles Expose the hidden war on male authority and why it's collapsing Western civilization Uncover the biological truths feminism ignores and the data they'll censor Discover how to legally shield your assets freedom and legacy from predatory systems Learn the proven strategies to rebuild unapologetic masculinity in a world that fears it Defy censorship Speak blunt truths without woke mob repercussions Join the 2-3 million men already rejecting gynocratic slavery Arm yourself with FBI stats evolutionary psychology and case studies leftists want buried Transform from beta slave to alpha sovereign in 30 days If you want to break free from the gynocratic plantation annihilate cultural Marxism and reclaim your rightful place as leader provider and protector buy this book TODAY
