Data Communications ,1996 *Tax Policy and National Savings in the United States* International Monetary Fund,1988-12-22 This paper explores how tax policy affects the level and allocation of national savings in the United States It argues that the effect of taxes on the overall private saving level is relatively small and uncertain and that raising public saving is the most direct and efficient way to raise national saving However the tax system has a powerful impact on the composition of savings and investment The paper suggests various specific tax measures that would not only raise government revenue but also enhance the efficiency of savings and investment Public Policies and Private Savings and Investment in Sub-Saharan Africa Mr.Dhaneshwar Ghura,Mr.Michael T.

Hadjimichael,1995-02-01 This paper assesses empirically the role of public policies in stimulating private savings and investment in sub Saharan African countries based on data for the period 1986 92 The main findings of the analysis are as follows i policies effective in stimulating private savings and investment include those that keep the rate of inflation low reduce macroeconomic uncertainty promote financial deepening and lower the external debt burden ii measures that promote structural reforms and reduce the budget deficit without lowering government investment help to raise private investment and iii declines in government savings are only partially offset by increases in private savings Dynamics of Asian Savings International Monetary Fund,1988-06-22 This paper shows how growth and demography two important

determinants of the savings rate in the life cycle approach explain a large part of the diversity in savings behavior in Asia across eight countries as well as over time Inflation and adverse movements in the terms of trade are found to be two additional factors with depressing effects on the propensity to save The paper also finds evidence in favor of the error correction formulation under which the savings rate varies procyclically in the short run but remains constant in the steady state *Marketplace Lending, Financial Analysis, and the Future of Credit* Ioannis Akkizidis,Manuel Stagars,2015-12-08
