easy to understand real world references or examples to explain them Russian Nazi Troll Bots! The Busy Person's Guide to How Trump's Trolls Won the Internet, What's Ahead, and What You Can Do Eric Saeger, 2018-08-07 It's beyond dispute that trolls and automated bots helped Donald Trump win the White House in 2016. Some of the troll operations involved were based in Russia but domestic interests also participated in the invasion. In fact trolls of all types from all corners of the internet came together in a perfect storm of propaganda, disinformation and political dissent. The confusion wrought by the multi-pronged troll invasion still affects our online spaces today leaving many questions unanswered. Who are the trolls? What do they want? How do they operate? Why couldn't our intelligence agencies put a stop to Russian and right wing trolling? Can trolling be stopped? And what's with all the freakin Nazis? One thing is certain the troll invasions wouldn't have succeeded if America hadn't been divided on many pressing issues. Deep cultural woes such as racism, our New Generation Gap and the slow destruction of the middle class were part of the toxic environment that allowed trolls to flourish. This book, the first from software expert award winning internet troll and long time underground culture fixture Eric Saeger, examines all these issues with an impartial eye. The limitations and realities of current technology are explained in clear simple language revealing the tactics of everyday trolls and describing how future technology promises to make the internet a safe livable place for everyone. Most important of all along the way you'll see the humor in our dire but salvageable situation. Once we understand the invaders we'll no longer fear RUSSIAN NAZI TROLL BOTS *A Futurist's Guide to Emergency Management* Adam S. Crowe, 2015-05-20

A Futurist's Guide to Emergency Management provides interdisciplinary analysis on how particular sets of conditions may occur in the future by evaluating global trends, possible scenarios, emerging conditions and various other elements of risk management. The Chaos Machine Max Fisher,2022-09-06 Finalist for the Helen Bernstein Book Award for Excellence in Journalism From a New York Times investigative reporter this authoritative and devastating account of the impacts of social media New York Times Book Review tracks the high stakes inside story of how Big Tech s breakneck race to drive

engagement and profits at all costs fractured the world The Chaos Machine is an essential book for our times Ezra Klein We all have a vague sense that social media is bad for our minds for our children and for our democracies But the truth is that its reach and impact run far deeper than we have understood Building on years of international reporting Max Fisher tells the gripping and galling inside story of how Facebook Twitter YouTube and other social network preyed on psychological frailties to create the algorithms that drive everyday users to extreme opinions and increasingly extreme actions As Fisher demonstrates the companies founding tenets combined with a blinkered focus on maximizing engagement have led to a destabilized world for everyone Traversing the planet Fisher tracks the ubiquity of hate speech and its spillover into violence ills that first festered in far off locales to their dark culmination in America during the pandemic the 2020 election and the Capitol Insurrection Through it all the social media giants refused to intervene in any meaningful way claiming to champion free speech when in fact what they most prized were limitless profits The result as Fisher shows is a cultural shift toward a world in which people are polarized not by beliefs based on facts but by misinformation outrage and fear His narrative is about more than the villains however Fisher also weaves together the stories of the heroic outsiders and Silicon Valley defectors who raised the alarm and revealed what was happening behind the closed doors of Big Tech Both panoramic and intimate The Chaos Machine is the definitive account of the meteoric rise and troubled legacy of the tech titans as well as a rousing and hopeful call to arrest the havoc wreaked on our minds and our world before it s too late *Blow Your Own Horn!* Rae A. Stonehouse, 2020-03-17 There s an old saying that goes the squeaky wheel gets the grease The saying may have been true at one point in time but now The business world is a busy and crowded place How can a business professional stand out from the cacophony of others clambering for attention and recognition Some will tell you it is easy now a days to create an on line reputation The author believes creating your on line persona is important however it is but one step at a self promotional and marketing strategy Blow Your Own Horn Personal Branding for Business Professionals delivers strategies to build your on line presence and gain recognition in your community Your goal may be to raise your prominence at work to apply for a job you have been eyeing Perhaps your goal is to run for political office but it seems no one knows who you are This book is for business professionals who want to raise their visibility in a crowded workplace or a personal interest venture Some will tell you blowing your own horn is bragging The author argues against that belief If we are to move forward and benefit from our accomplishments we need to self promote Blow Your Own Horn Personal Branding for Business Professionals offers Strategies for personal branding and marketing Self promotion utilizing LinkedIn as a tool Effective networking techniques for self promotion Self promotion strategies related to job searching On line reputation management and Additional social media venues that could be helpful to you in developing your personal brand Now is the time to let the world know what you have offer It s time to start blowing your own horn This book shows you how *Combatting Cyber Terrorism - A guide to understanding the cyber threat landscape and incident* Richard Bingley, 2024-05-09 Combatting Cyber
