More Than Dates And Dead People Recovering A Christian View Of History:

More Than Dates and Dead People Stephen Mansfield, 2000-09 More Than Dates Dead People Recovering a Christian View of History by Stephen Mansfield is a lively upbeat edgy look at history as something exciting rather than a boring list of dates to memorize The focus is on how a Christian world view affects one's academic and scholarly interests **Theology as History, History as Theology** Scott Shauf, 2012-02-13 This monograph explores the theology of the Acts of the Apostles while taking seriously the status of the writing as ancient historiography What does it mean to speak of theology in a historiographical work How can this theology be apprehended What does this theology have to do with the overall character of the writing and with how the writing functioned for its original audience Acts 19 is both case study and source to generate the answers **The Heart of Wisdom Teaching Approach** Robin Sampson, 2005-04 Details the Bible based homeschool teaching approach for parents and discusses Christian education learning styles unit studies bible study and more *Ten Tortured Words* Stephen Mansfield, 2007-06-10 In the steamy summer of 1787 as America's founding fathers fashioned their Constitution they told the most powerful institution in their new nation what it must not do Congress shall make no law respecting an establishment of religion Few Americans understand the miracle in world history these ten words represent For the first time in human experience the legislative power of a nation was forbidden from legislating the conscience of man And for over one hundred and fifty years religion flourished institutions of faith multiplied and revivals transformed whole communities Th elected representatives of the people often called for days of prayer recognizing that religion is essential to national character So what happened Why is it that today a cross shaped memorial or a religious symbol in a city seal is considered a violation of the Constitution Why are pastors threatened if they speak out about politics and children kept from even asking about religion in the public schools Ten Tortured Words separates historical fact from fiction illuminating the events and personalities that shaped the writing of the Establishment Clause In his straightforward award winning style cultural historian Stephen Mansfield interprets the societal shifts that have led to the current rift between religion and politics and takes a surprising look at what lies ahead for freedom of religion in America [The Faith of the American Soldier](#) Stephen Mansfield, 2006-05-18 What goes through the mind of an American warrior spiritually and religiously when facing the enemy Treading where few books have gone The Faith of the American Soldier examines the religious and spiritual issues in America's wars and then considers what is lost to our military through a secular approach to battle Special attention is paid to the current war in Iraq where Mansfield reaches surprising conclusions about the need for structured faith on the battlefield and how its absence contributes to catastrophes like those at Abu Ghraib prison [The Faith of George W. Bush](#) Stephen Mansfield, 2003-11-10 In the first book to explore the religious ideals and background of the 43rd president of the United States The Faith of George W Bush discusses how Bush's spiritual beliefs shape his private life as well as drive his policies and politics More than any other presidency in recent years George W Bush's presidency is faith based He has often

said that faith saved his life nurtured his family established his political career and helped form the destiny of the nation Discover how Bush incorporates his faith and belief in God into every detail of life From his devotional time alone each morning to his frequent use of Scripture in his speeches the president relies upon his faith to direct his actions and goals The Faith of George W Bush recounts Bush s conversion to Christianity in 1986 when he overcame a growing dependence on alcohol by turning to the Bible to save his marriage and family From the tragedy of September 11 to the conflict in Iraq President Bush has learned to use his faith to help him live his public and private life This revealing book will inspire others to do the same

The Gospel According to the Da Vinci Code Kenneth Boa, John Alan Turner, 2006 Examines the misconceptions about early Christianity throughout The Da Vinci Code and discusses the worldview presented in the novel as well as Dan Brown s other writings and how modern Christianity can respond to it *Pope Benedict XVI* Stephen Mansfield, 2005-07-21 Includes a new foreword on the resignation and legacy of Pope Benedict XVI The sudden resignation of Pope Benedict XVI comes as the capstone to a papacy that that shocked some and delighted others Pope Benedict was both an ardent intellectual and a driven traditionalist charged with leading a divided Catholic Church into a new era In Pope Benedict XVI bestselling author Stephen Mansfield tells the story of a youth who grew up in Nazi Germany and went from being a liberal theologian associated with Vatican II to a theological conservative who became Pope John Paul s closest ally As a cardinal the outgoing pope pursued a firmly traditional path in the last quarter century he excommunicated radical priests cracked down on Marxist liberation theology in Latin America and shaped some of John Paul s more socially conservative positions He also drew a line of distinction between Catholicism and other faiths promulgating respect for but not equality among the historic religions To some Pope Benedict was the ultimate insider whose election ensured that the revolution of John Paul was rendered permanent in our century Mansfield s portrait of Pope Benedict was validated by recent history Benedict XVI will be remembered as the Great Custodian He sustained the return to tradition marked by John Paul Pope Benedict XVI examines its subject specifically from the perspective of a non Catholic a committed Christian without fealty to Rome Mansfield s academic depth his poetic but widely accessible writing style and his ability to take complex religious ideas and make them understandable to the nonreligious make his treatment of Pope Benedict XVI significance for readers of all philosophies and faiths
