Stretching the Heavens

Terryl L. Givens,2021-07-21 Eugene England 1933 2001 one of the most influential and controversial intellectuals in modern Mormonism lived in the crossfire between religious tradition and reform This first serious biography by leading historian Terryl L Givens shimmers with the personal tensions felt deeply by England during the turmoil of the late twentieth century

Drawing on unprecedented access to England's personal papers Givens paints a multifaceted portrait of a devout Latter day Saint whose precarious position on the edge of church hierarchy was instrumental to his ability to shape the study of modern Mormonism A professor of literature at Brigham Young University England also taught in the Church Educational System And yet from the sixties on he set church leaders teeth on edge as he protested the Vietnam War decried institutional racism and sexism and supported Poland's Solidarity movement all at a time when Latter day Saints were ultra patriotic and banned Black ordination England could also be intemperate proud of his own rectitude and neglectful of political realities and relationships and he was eventually forced from his academic position His last days as he suffered from brain cancer were marked by a spiritual agony that church leaders were unable to help him resolve

Snow_x000D_ The Autobiography of Parley Parker Pratt *How Greek Philosophy Corrupted the Christian Concept of God*
Richard R. Hopkins,2023-02-14 This insightful book brings profound new insights to the Trinitarian doctrines of orthodox
Christianity With clear and precise documentation the book shows how these doctrines migrated into early Christianity from
Greek philosophy The various aspects of Trinitarian belief are isolated linked to their Greek sources and carefully analyzed to
show they differ radically from biblical teaching The Writings of early Church Fathers portrayed in their historical context
show that during the second century theological concepts taught in Platonism were adopted as Christianity struggled to end
Roman persecution Emperor Marcus Aurelius a famous Stoic philosopher was putting Christians to death because their belief
did not conform to the Hellenized religion of the day The book shows that the early church fathers sought to save their
people s lives by redefining the Christian God in Greek terms Their efforts brought metaphysics to Christianity and ushered
in concepts like the Trinity After presenting the historical setting in which these philosophical errors were embraced as
Christian doctrine the book compares orthodox Christian theology today called classical theism to biblical teachings The book
identifies how Greek philosophy has influenced major attributes of God taught in classical theism The book constitutes a
major challenge to those who accept the tenants of classical theism but do not know the many aspects of their doctrine that
are based on Greek philosophy
