The Theological Foundations of the Mormon Religion Sterling M. McMurrin, 2000. A Philosopher Sterling M. McMurrin 1914-96

appreciated the similarities between Mormonism and Hellenistic Christianity. For instance, Church Fathers of the fifth century admired Plato, who taught that there is one God coexistent with such eternal entities as Justice and Love, to which Joseph Smith added Priesthood and Church. Where Augustine modified Plato, Mormonism would tend to side with his critic, the Stoic-leaning Pelagius. In this broad context, what is Mormonism's contribution to the overall pursuit of life's fundamental ontological questions? Herein lies McMurrin's intent: an invitation to join him on a wide-ranging search for purpose. He finds his church's synthesis of heresy and orthodoxy to be refreshing and impressive in this light, in its treatment of evil, sin, and free will. Belief in a personal God may run counter to traditional faith, but it is nonetheless emotionally satisfying and accessible to the human imagination.

McMurrin was E. E. Ericksen Distinguished Professor of Philosophy at the University of Utah and U.S. Commissioner of Education under President John F. Kennedy. Of his nine books, *Theological Foundations* is considered his masterpiece. The present edition includes his earlier essay *The Philosophical Foundations of Mormon Theology* with a biographical introduction by Deep Springs College president L. Jackson Newell and a glossary of terms by Dr. McMurrin's daughter, Trudy McMurrin.

Sterling M. McMurrin was Academic Vice President and dean of the graduate school at the University of Utah, a Visiting Scholar at Columbia University and the Union Theological Seminary, and a Ford Fellow in philosophy at Princeton. In addition to being U.S. Commissioner of Education (see above), he served as U.S. Envoy to Iran. He was the author of *Education and Freedom: Religion, Reason, and Truth* and co-author of *Contemporary Philosophy: A History of Philosophy Matters of Conscience and Toward Understanding the New Testament*. He contributed to *The Autobiography of B. H. Roberts* and *Memories and Reflections*. L. Jackson Newell is the former dean of Liberal Education at the University of Utah. He is the co-author of *Creating Distinctiveness: Matters of Conscience and A Study of Professors*, a contributor to *Neither White nor Black: Personal Voices, Religion, Feminism, and Freedom of Conscience*, and *The Wilderness of Faith*, and is a past co-editor of *Dialogue*. He has received the CASE Professor of the Year and Joseph Katz Distinguished Leadership in Education awards. Currently, he is president of Deep Springs College.

Mormonism: A Guide for the Perplexed Robert L. Millet, Shon D. Hopkin, 2015-11-19. *Mormonism: A Guide for the Perplexed* explains central facets of the Mormon faith and way of life for those wishing to gain a clearer understanding of this rapidly growing world religion. As The Church of Jesus Christ of Latter-day Saints continues to grow in the United States and especially in other countries with a total membership of over 15 million, more than 50% of which is outside the US, and as theologians and church leaders wrestle with whether Mormonism is in fact a valid expression of modern Christianity, this distinctive religious tradition has become increasingly an

object of interest and inquiry This book is the ideal companion to the study of this perplexing and often misunderstood religion Covering historical aspects this guide takes a careful look at the whole of Mormonism its tenets and practices as well as providing an insight into a Mormon life **Mormonism 101** Bill McKeever, Eric Johnson, 2015-04-14 Mormonism is one of the fastest growing religions in the world For those who have wondered in what specific ways Mormonism differs from the Christian faith Mormonism 101 provides definitive answers examining the major tenets of Mormon theology and comparing them with orthodox Christian beliefs Perfect for students of religion and anyone who wants to have answers when Mormons come calling **The Mormons** Thomas F. O'Dea, 1957 *Mormonism* Terryl Givens, 2020-08-05 Mormonism or the Church of Jesus Christ of Latter day Saints is America's most successful and most misunderstood home grown religion The church today boasts more than 15 million members worldwide a remarkable feat in the face of increasing secularity The growing presence of Mormonism shows no signs of abating as the makeup of its membership becomes progressively diverse The heightened contemporary relevance and increasingly global membership of the Church solidifies Mormonism as a religious group much deserving of awareness Covering the origins history and modern challenges of the church Mormonism What Everyone Needs to Know offers readers a brief authoritative guide to one of the fastest growing faith groups of the twenty first century in a reader friendly format providing answers to questions such as What circumstances gave rise to the birth of Mormonism Why was Utah chosen as a place of refuge Do you have to believe the Book of Mormon to be a Latter day Saint Why do women not hold the priesthood How wealthy is the church and how much are top leaders paid Written by a believer and the premier scholar of the Latter day Saints faith this remarkably readable introduction provides a sympathetic but unstinting account of one of the few religious traditions to maintain its vitality and growth in an era of widespread disaffiliation
