Read the short passage and answer the questions.

The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

 language English abstract Teaching English as a foreign language means a great challenge which would certainly be
 answered by all English teachers in the affirmative Today every school in Germany offers English as school subject even the
 primary schools Consequently it must be put great emphasis on teaching it accurately by taking into consideration any aspect
 of English language acquisition when learning it for example the acquisition of a distinctive vocabulary the ability to use
 grammar rules correctly the ability to spell correctly the ability to understand what is been said when native speakers talk in
 English which we call listening comprehension Another very important part of learning English as a foreign language is
 undisputedly reading comprehension The ability to read out correctly to understand what is been read and to be able to work
 with a text effectively is not only a competence that should be concentrated on in the foreign language but also in the mother
 tongue The PISA Study is a perfect proof of this which will be mentioned later on In this paper I will try to accentuate the
 importance and significance of reading in the English class In order to illustrate this I will introduce the novel A Thousand
 Splendid Suns by Khaled Hosseini an American author and doctor with Afghan origins and use it for the elaboration of the
 importance of reading activities in the English class Initially I will focus on the didactic analysis which includes the reference
 to the syllabus The syllabus is of course the signpost in terms of guidelines when planning the lessons choosing age
 appropriate media and methods What role does reading play in this context What is said in the syllabus when it comes to
