Privileged Victims Eddie Scarry,2020-02-25 America s worst ideas and people are rising to the top thanks to a rancid

culture that has turned every part of our lives into a fight between so called privilege and entitled brats claiming victim status The country is under siege and America s most ferocious enemy is already here our privileged victims On university campuses in the news media and in Hollywood race gender and sexuality determine who should advance and who should be taken down a peg Driven by social justice and governed by intersectionality out of control college students school administrators journalists and titans of the entertainment industry divide and rank us on an infinite scale of grievance the more of them the better And God have mercy on any individual deemed to benefit from privilege Privileged Victims zealously exposes the lies and myths behind The MeToo movement that redefined sexual assault and rape to include simple regret ruining the lives and careers of countless men Hoax hate crimes a key feature of the privileged victim class The debate over our jungle like immigration system dumbed down by a scheming national news media to ugly charges of racism and xenophobia Hollywood which no longer aims to produce high quality entertainment but to virtue signal and promote social justice And so much more In gripping detail Eddie Scarry uncovers the perversion behind social justice and its identity first dogma that s replacing America s meritocracy tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades Bewildered citizens mistakenly believe that it s a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive The truth is much worse it s a deliberate malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination How did everyone in America get so unhappy all of a sudden In part because it pays Eddie Scarry lays out the scam in this infuriating and fascinating book It ll make you never want to complain again just for the sake of being countercultural Tucker Carlson Host of Tucker Carlson Tonight on Fox News and Author of Ship of Fools What I love about Eddie is his courage He knows the outrage mob is constantly coming and he doesn t care Some of us call that being a First Amendment advocate Count me as a fan and a reader Megyn Kelly *Ditchmen 3* Joe Ginter,2022-10-28 Teacher Jay Griner aka Mr G saved his hometown from the Ditchmen invasion Then with his not so late wife Amy they saved the town once again from the combined forces of the government EPA the media defense contractors and Silicon Valley This time they must use a new and improved Ditchman to withstand the retaliatory efforts of defense contractor Stan Bando along with his version of a Ditchman called Dirt Cake and save their hometown for the third time *Makers at Work* Steven Osborn,2013-09-27 What do you get when you combine an electronics hobbyist hacker garage mechanic kitchen table inventor tinkerer and entrepreneur A maker of course Playful and creative makers are through expertise and experimentation creating art products and processes that change the way we think and interact with the world As you ll see from the 21 interviews in *Makers at Work* inquisitive makers are just as apt to pick up a laser cutter or an Arduino as a wrench to fashion something new For example you ll meet Jeri Ellsworth who might provide a video lecture on magnetic logic one day and a tutorial on welding a roll bar on a stock car the next You ll also meet Eben Upton who put cheap powerful computing in the hands of everyone with the Raspberry Pi Becky Stern who jazzes up

clothing with sensors and LEDs and bunny Huang who knows the ins and outs of the Shenzhen China electronics parts markets as well as anyone. As all the interviews in *Makers at Work* show, makers have something in common: reverence for our technical past coupled with an aversion to convention. If they can't invent new processes or products, it's simply not worth doing. Crazy as it may seem, makers working in the spirit of Tesla, Wozniak, Edison, Gates, Musk, and many others can bring sophisticated products to the people or to the market as fast or faster than large corporations. And they are not just enabling new technologies and devices; they are changing the way these devices are funded, manufactured, assembled, and delivered. *Makers at Work* puts a spotlight on the maker mindset and motivation of those who are reinventing the world, one object or idea at a time. You will meet the individuals who define what it means to be a maker. Learn about the tools and technologies driving the new industrial revolution. Discover ways to scale your weekend project into a profitable business. See how others have used crowdfunding to make their visions a reality. Learn how open source hardware and software is enabling whole new categories of products by removing barriers of entry for inventors. The new masters of the Makerverse ask two questions: Can it be done? Is it fun? As these interviews will show, the answer to both questions is: Let's find out.

The Young Adult's Guide to Starting a Small Business: 101 Ideas for Earning Cash on Your Own Terms Atlantic Publishing Group, 2017. With the minimum wage being what it is and the job opportunities seeming less than ideal, it might seem like a good idea to start making cash on your own terms. This guide will give you 101 ideas for starting your own money-making business. We cover options such as pet sitting, babysitting, and tutoring in great detail. You will learn how to use the Internet to help you make money with options such as surveys, advertising blogs, and social media. This book not only covers how to make your own money but it also teaches you how to save it and how to make it grow by creating a budget, all presented specifically with teenagers in mind. This book contains inspiring stories from young adults who have started their own businesses. If you have been hitting the pavement but are coming up short in the job department, all is not lost. With this guide in your back pocket, you can start making money on your own terms without having to depend on your parents.

Racisms in a Multicultural Canada Angie Fleras, 2014-04-29. In acknowledging the possibility that as the world changes, so too does racism, this book argues that racism is not disappearing despite claims of living in a post-racial and multicultural world. To the contrary, racisms persist by transforming into different forms whose intent or effects remain the same: to deny and disallow, as well as to exclude and exploit. *Racisms in a Multicultural Canada* is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes. Rather, racism is as much a matter of interests as of attitudes, of property as of prejudice, of structural advantage as of personal failing, of whiteness as of the other, of discourse as of discrimination, and of unequal power relations as of bigotry. This multidimensionality of racism complicates the challenge of formulating anti-racism and anti-colonialist strategies capable of addressing it. Employing a critical framework that puts politics and power at the centre of analysis, this book focuses on why racisms proliferate, how they work,

in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society Generation Z Victoria Carrington,Jennifer Rowsell,Esther Priyadharshini,Rebecca Westrup,2015-12-17 This book argues that the mythic figure of the zombie so prevalent and powerful in contemporary culture provides the opportunity to explore certain social models such as childhood and school class and family that so deeply underpin educational policy and practice as to be rendered invisible It brings together authors from a range of disciplines to use contemporary zombie typologies slave undead contagion to examine the responsiveness of everyday practices of schooling such as literacy curriculum and pedagogy to the new contexts in which children and young people develop their identities attitudes to learning and engage with the many publics that make up their everyday worlds *Weekly Florists' Review* Gilbert Leonard Grant,1929
