**Black Friday** Alex Kava, 2019-03-11 Plunge into a thrilling adventure tracking domestic terrorists in book 7 of the acclaimed Maggie O'Dell series from New York Times bestselling author Alex Kava. On the busiest shopping day of the year, a group of idealistic college students believe they're about to carry out an elaborate media stunt at the largest mall in America. They think the equipment in their backpacks will disrupt stores' computer systems, causing delays and chaos, disrupting capitalism if only for a moment. What they don't realize is that instead of jamming devices, their backpacks contain explosives. And they're about to become unwitting suicide bombers. FBI profiler Maggie O'Dell must put her own political troubles aside to work with Nick Morrelli and figure out who's behind this terrorist plot, a massacre that's all the more frightening when a tip reveals that Maggie's brother is one of the doomed protestors. **Build A Business Around Your Curiosity: Learn, Build, Share, Sell, Repeat** Ahmed Musa, What if your curiosity wasn't a distraction but your greatest business asset? This book is your permission slip to stop waiting for clarity and start building with what fascinates you. Instead of following someone else's formula, you'll discover how to turn your natural interests into powerful income engines without burning out, faking expertise, or locking yourself into one narrow niche. You don't need to have it all figured out. You don't need a perfect plan. What you need is a loop: learn something new, build something small, share it publicly, offer it for sale, and repeat. That's how momentum builds. That's how trust compounds. And that's how modern creators are turning curiosity into profitable businesses without losing themselves in the process. This approach works whether you're just getting started or reimagining your next chapter. It honors the way creative minds naturally work, driven by questions inspired by patterns and fueled by experimentation. You'll learn how to validate ideas by sharing your process, how to grow an audience by inviting them into your learning journey, and how to make money by offering simple, valuable products that emerge from what you've already explored. You don't need to commit to a single topic forever. You just need to commit to the loop. Curiosity leads to learning. Learning leads to building. Building leads to sharing. Sharing leads to sales. Sales fund your next round of curiosity. The old business model says you need to know everything upfront. The new business model says start with what you're curious about and let that be more than enough. This is the book for creative minds ready to turn their questions into income and their interests into impact. Learn. Build. Share. Sell. Repeat.
