Nguyen Quy Minh Hien, 2019-11-21 WHO ARE AMERICANS Could you answer this question I have asked my American friends who were born in the United States but haven't received a clear answer not yet This book is the collection of 51 of my short stories about Americans and the US It is more like a jigsaw puzzle than an answer I hope that one day I will find the answer Or maybe there will be no answer It is like when we love someone or somewhere we can not answer why If we could answer why then it might not be true love not yet Perhaps that like me many of you can not answer the question Who are Americans but love this country and people here Just love because love creates great things *How We Give Now* Lucy Bernholz, 2023-08-15 From Go Fund Me to philanthropy the everyday ways that we can give our money our time and even our data to help our communities and seek justice In *How We Give Now* Lucy Bernholz shows that philanthropy is more than writing a check and claiming a tax deduction For most of us the non wealthy givers philanthropy can be a way of living our values and fully participating in society We give in all kinds of ways shopping at certain businesses canvassing for candidates donating money and making conscious choices with our retirement funds We give our cash our time and even our data to make the world a better place Bernholz takes readers on a tour of the often overlooked worlds of participatory philanthropy learning from a diverse group of forty resourceful givers Donating our digitized personal data is an emerging form of philanthropy and Bernholz describes safe equitable and effective ways of doing so giving genetic data for medical research through a nonprofit genetics organization rather than a commercial one for example or contributing photographs to an online archive like the Densho Digital Repository which documents America's internment of 120 000 Americans of Japanese descent Bernholz tells us to follow the money however when we're asked to add a dollar to our total at the cash register or when we buy a charity branded product it's more effective to give directly than to give while shopping Giving is a form of participation Philanthropy by the rest of us across geographies and cultural traditions begins with and builds on active commitment to our communities
